

## TITIKSHA PUBLIC SCHOOL MODEL UNITED NATIONS 2018

Great opportunities seldom come without us seeking them but such a rarity did become a reality when four students from Sadhu Vaswani International School for girls participated in the TITIKSHA PUBLIC SCHOOL MUN at Rohini on 10 and 11 August 2018. The concept of a MUN is important as it helps the participants to become fully aware of the way the UN functions.

Our students participated in various committees. Amongst them **Nandini Malhotra** of class X-D won the special mention award in Lok Sabha committee whose agenda was demonetization. It was a splendid learning experience for our team.

The conference ended on a high note for all the participants as productive and constructive debates seemed to be paving the way for genuine solutions to the problems under discussion by the various committees.
