Dear Parents

Greetings of the Day !

1. As we all know that the whole world has been under the strong grip of COVID – 19 for last more than one year and caught everyone sleeping. No one knew what to do. The whole world landed in standstill situation. This was the first time in the man's history that the children were locked inside homes and were not allowed to meet their friends. For this I must compliment and thank to all the parents, teachers and students for all the support and understanding by which they all responded to this unexpected invasion of the pandemic and handled the demands they were faced with, to protect everyone.
2. As we have resumed offline classes, keeping in mind the safety protocol, we are following the COVID guidelines issued by the Govt of Haryana strictly, and putting our best efforts to look after the students. The following measures are taken to ensure the safety and wellbeing of children :
 - a. The thermal scanning is done everyday of all the children and visitors.
 - b. The visitors are not allowed beyond the reception area.
 - c. The sanitization work is done regularly at the time of students entering the school and at the regular intervals during the day.
 - d. The students maintain social distancing and wear masks.
 - e. The counseling sessions are done regularly by teachers and the Principal.
 - f. The classrooms, washrooms and vehicles are sanitized every day without fail.
3. In the end, at this point of time, whole hearted cooperation is solicited from all the stakeholders particularly parents. The school will not leave any stone unturned to educate your child with holistic approach in mind and groom him with life skills needed to make him a responsible global citizen.

(Praveen Masta)
Principal
