Introduction to NDLI CLUB

In conjunction with the Platform-I of MBSSPA Athenaeum, National Digital Library of India club working and search systems were elucidated which were very new, a little complex but highly enriched with a plethora of varying data. A step-by-step explanation was explained that helped users to access and wisely use this platform

The screenshot displays a Zoom meeting interface. At the top, four participants are visible in a grid: MBS Architecture, Prof. Nambiar, Ar. Prachi, and Ar. Sahil. The main content area shows a PowerPoint slide titled "NDLI Overview" with the following bullet points:

- National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community.
- It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT).
- NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided.
- NDLI is designed to hold content of any language and provides interface support for 10 most widely used Indian languages.
- It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices and differently-abled learners.
- It is developed, operated and maintained from Indian Institute of Technology Kharagpur.

Below the slide, the Zoom interface shows the meeting controls and a grid of participants. At the bottom, the NDLI website is displayed, featuring a search bar, navigation menu, and a login section for members.
