

Report on Mother's Day Assembly

Class VI

A special assembly was prepared on Mother's Day by the students of Class VI. The students participated in this assembly enthusiastically.

The assembly started with a Sanskrit shloka mentioning the importance of a mother in child's life. Further, prayer was read and followed by Thought for the day, quoting it, 'Moms are as relentless as the tides. They don't just drive us to practice, but they drive us to greatness.' After the thought, an article and poem were beautifully presented by the students. A melodious and emotional song was sung by one of the teachers of Class VI. An awesome dance presentation was prepared by different students and merged into one. The assembly culminated with a beautiful quote on Mother's Day.

Though we have changed our platform from offline to online, but still there is no lack of confidence and enthusiasm in children. Congratulations to all the participants for their performances.
