Authors are thankful to the Vice chancellor KVAFSU, Registrar KVAFSU, Bidar Karnataka for providing necessary facilities to accomplish the contents of the book in time.

Contents

| Sl. No. | Description | Page No. |
|----------------|---|-----------------|
| 1. | Biotechnology for Ameliorating Human Health | 1-46 |
| 2. | Gene Editing | 47-74 |
| 3. | Functions and Biogenesis of Regulatory RNA | 75-102 |

ABOUT AUTHORS

Dr. Yathish, H. M., is currently serving as Assistant Professor in the Department of Animal Genetics and Breeding, Veterinary College, KVAFSU, Hebbal, Bengaluru, India. Dr. Yathish, H. M., is involved in teaching undergraduate, postgraduate and doctoral courses to the students of Animal Genetics and Breeding for the past 11 years. He has guided many postgraduate and doctoral students in different capacities. Dr. Yathish, H. M., is involved in research on disease genetics, identifying markers of performance traits and characterization of animal genetic resources.

Dr. Ramesh D is currently serving as Assistant Professor in the Department of Veterinary Physiology and biochemistry, Veterinary College hassan, KVAFSU, and Karnataka, India. He is specialized in veterinary Biochemistry and Biotechnology and involved in teaching undergraduate, postgraduate courses to the students of different subjects for the past 11 years. He guided as member of the advisory committee for many postgraduate and doctoral students in different capacities. Dr. Ramesh.D, is involved in research on hematology biochemical parameters in domestic animals , development of technologies for animal waste management and characterization of animal resources etc.

Dr. M. Suman Kumar is currently working as Scientist at the Division of Veterinary Public Health, ICAR-Indian Veterinary Research Institute, Izatnagar, India. Dr Suman heads the Brucella Lab at IVRI and is involved in studies on the epidemiology of brucellosis in India. His research areas also include study of pathogenesis and AMR in Brucella spp. along with the exploration of risk factors associated with occurrence of brucellosis in livestock and pets. Besides work on brucellosis, he is involved in executing projects on One Health being implemented by ILRI, Kenya; DBT, Govt. of India; NCDC, New Delhi and ICAR. He is also involved in teaching undergraduate and postgraduate courses of veterinary public health since the last 10 years.
