Foreword

Anatomy is the foundation of medical science. Many books on anatomy, written by illustrious and distinguished authors, have greatly enriched the medical science. Anatomy is a discipline that has always been a nightmare for students as far as retention of the subject is concerned. In the current scenario, there is dearth of books which aid and guide undergraduate and post graduate students in retaining the gained knowledge.

I am confident that this book will create interest of students in Anatomy.

A rectangular box containing a handwritten signature in cursive script that reads "Bhavna Anand".

Dr. Bhavna Anand (PT)

Preface

You may need this workbook as a part of your undergraduate course, or as a tool while revising during exams.

This workbook gives you a quick review through different topics in anatomy. It includes self evaluation tests which will help you recall, remember and understand anatomy.

Study and revision needs a structure, if it is to be productive. Now you have a framework to build your revision upon. This workbook makes it easy for you to learn and remember anatomy, in an interesting way, by repeated practice and testing yourself. The anatomy workbook brings for you an interesting, easy and funny way of learning anatomy.

Dr. Bhavna Anand

Contents

1	Spinal Cord	1
2	Spinal Cord: Transverse Section	2-3
3	Brainstem: Ventral Aspect	4
4	Brainstem: Dorsal Aspect	5
5	Medulla Oblongata: Transverse section	6
6	Pons: Transverse section	7-8
7	Midbrain: Transverse section	9-10
8	Cerebellum: Superior Aspect	11
9	Cerebellum : Inferior Aspect	12
10	Cerebral Hemispheres: Lateral Aspect	13-14
11	Cerebral Hemispheres: Medial Aspect	15-16
12	Cerebral Hemispheres: Inferior Aspect	17
13	Internal Capsule	18
14	Thalamus	19
15	Basal Nuclei	20
16	Ventricular System	21
17	Lateral ventricle: Boundaries of Anterior Horn	22
18	Lateral ventricle: Boundaries of Central part	23
19	Lateral ventricle: Boundaries of Posterior Horn	24
20	Lateral ventricle: Boundaries of Inferior Horn	25
21	Third Ventricle: Boundaries	26
22	Fourth Ventricle: Floor	27
23	Fourth Ventricle: Roof	28
24	Cerebral Arterial System	29
