# Acknowledgement

I had a blissful childhood. I grew up like a princess cradled in arms of the nature. I inherited my father's strength and my mother's grace—perhaps the best of both worlds. I fought my battles like a tigress, yet my heightened sensibilities allowed me to see the beauty in every little thing around me.

I am deeply grateful to all my family and friends who have been part of my soulful journey; to each of you, I owe a world. Every one of you has taught me a life lesson, and I bow in respect. My poems are pieces of me—parts of my story, parts of the whole, and reflections of everything that surrounds me.

Read them, and love them. ♥

Writing is my passion. Each morning, surrounded by nature, I am reminded of the beauty of this world. Often, in moments of reflection, I marvel at its duality—sunrise and sunset, pain and happiness, shifting perspectives. Eventually, the realization dawns that in this ever-changing world, change itself is the only constant. So, with each new day, I let go of my old thoughts, move forward, and cherish the treasures life offers. I love capturing them in words. My muse is nature, life itself, and everything that shapes who I am.
