

## *"Field Visit"*

### *Preamble:*

Department of Chemistry arranged Field Visit to **Andhra Detergents, Vanapamula** for 100 III B.Sc. MCCS, FMC & AZC Chemistry Students on 28.03.2024.

### *Participants:*

100 III B.Sc. MCCS, FMC & AZC Chemistry Students and Two faculty members.

### *Description of the Programme:*

The Department arranged a field Visit to **Andhra Detergents, Vanapamula** for 100 III B.Sc. MCCS, FMC & AZC Chemistry Students. In this visit students got awareness about the preparation of Detergents and Detergent powders. The staff of the industry explained about various raw materials used in preparation of MANA Detergent soap and Powder. Students also learnt about analytical methods and instruments which are used in the process of production of Detergents. They also explained about the working of various machineries in the industry. Finally they discussed about the packing and marketing of their products. Students are very much impressed and gained knowledge about manufacturing of various detergent and detergent powders.
