

Career Opportunities in Chemical Labs

Preamble:

Arranged an interaction programme on **Career Opportunities in Chemical Labs** by GMK Laboratories followed by **Placement Drive** on 12th & 13th April 2022.

Participants:

450 students of Chemistry from SDM Siddhartha Mahila Kalasala Vijayawada, PB Siddhartha College of Arts & Science Vijayawada and AG& SG Siddhartha College, Vuyyuru.

Resource Person:

Dr. Narinder Mohal, Scientist, Founder and Director, GMK Laboratories, Hyderabad and Ms. Parvathi Kollipara, Managing Director, GMK Laboratories, Hyderabad & An Alumini of SDMS Mahila Kalasala.

Description of the Programme:

The Department organised an interaction programme on Career Opportunities in Chemical labs followed by Placement Drive to all the final year chemistry students of three colleges by GMK Laboratories, Hyderabad. The resource person explains the various steps involved in Drug Preparation and Analysis. He also explains the career opportunities in chemical laboratories. Ms. Parvathi Kollipara, Managing Director, GMK Laboratories, Hyderabad described about the GMK labs and job opportunities in their labs.

After the interaction programme they conducted the placement drive to chemistry students. They selected the students based on the score secured in written test and also based on the performance in Personal interview. Total 450 students are participated in the interviews.
