DESCRIPTION OF THE PROGRAMME

Sri Kadiyala. Prasad, N.R.I, B. Tech., IIT Bombay was the Chief Guest for the Conference and **Dr. M. Sreenivasa Kumar, Principal, Narasaraopeta Engineering College, Narasaraopet** was the Key Note Speaker.

One day International Conference on Science, Technology, and Management was organized by the Department of Computer Science in Association with International Journal for Innovative, Engineering and Management Research. This programme focused on the objectives of the Conference and the vision of the Journal.

Sri. Kadiyala. Prasad discussed various issues on “**Opportunities in Science, Technology and Management around the Globe**” and usage of Block Chain Technology in Banking Sector.

Dr. M. Sreenivasa Kumar spoke on the role of Applications in the present world, by giving different real time examples and encouraged the participants to come forward with new ideas. Since usage of apps are very much useful to the present day society and users are also interested in developing technology, he encouraged the students to create more apps in an innovative manner which are essential in our daily life.

The conference provided a platform to research scholars, delegates and students to interact and share their experience and knowledge in the application of technology. The one day proceedings of the Conference were successfully managed by members of the Research Committee.

The proceedings were published in International Journal for Innovative Engineering and Management Research in A Peer Reviewed Open Access International Journal with ISSN: 2456-5083.

The Society homepage (www.ijiemr.org) is a major means for achieving maximum transparency in the preparation process and success of the Conference and the contributory articles on the topics are available.
