

INDUSTRIAL VISIT TO PIXENTIA SOLUTIONS INDIA PRIVATE LIMITED

DATE : 23rd November, 2017
COMPANY : Pixentia Solutions India Private Limited, Vijayawada
PARTICIPANTS : 30 Students from III B.Sc [MPCS, MECS, MSCS, MSCA]
accompanied by 2 faculty members.

DESCRIPTION OF THE PROGRAMME

The main objective of Industrial Trip is to interact with the officials of Software Industries to know about current market scenarios, latest and most demanding technologies & criteria for selection. During this visit students were enlightened by higher officials of the Industry.

The Technical Head arranged very informative session for the students. He also motivated the students to select their domain and area of interest. He also guided the students to select the fields like Web Development, Mobile Application Development Software Testing etc. and their importance in the current software market. He also explained their working technology - PHP.
