Objective of the Seminar:

To familiarize BBA and BPM students with career opportunities at Tata Consultancy Services (TCS).

To bridge the gap between academic learning and industry expectations.

To guide students on preparing for a successful career in the TCS sectors.

To highlight TCS's initiatives for early career professionals, such as internships and entry-level hiring programs.

6. Brief report of Program: On November 25, 2024, the Department of Commerce and Business Management hosted a seminar titled "Career Opportunities at TCS," led by Mr. Ravi Kumar Murthy, Regional Head of Academic Alliances in Human Resources at Tata Consultancy Services (TCS). The event was tailored for BBA and BPM students, offering those valuable insights into career prospects within TCS.

Mr. Murthy provided an overview of TCS's operations and its significant role in the different sectors & global IT services sector. He detailed the various career paths available at TCS, emphasizing the company's commitment to nurturing talent and providing continuous learning opportunities. Students were informed about TCS's recruitment processes, the skills and competencies the company seeks, and the importance of aligning academic learning with industry requirements. Additionally, Mr. Murthy highlighted TCS's initiatives aimed at supporting early career professionals, such as the TCS Internship Program and entry-level hiring opportunities. He encouraged students to engage with these programs to gain practical experience and enhance their employability.

Outcome of the Seminar:

1. Students gained a clear understanding of the career pathways available at TCS.
2. Attendees learned about the recruitment process and the critical skills needed to excel in the industry.

3. The session equipped students with actionable insights to align their academic and extracurricular activities with industry demands.
4. Students were motivated to explore opportunities at TCS, including internships and training programs.
5. The interactive session addressed student queries, providing personalized guidance and boosting their confidence in career planning.
