

Earn While You Learn

(Preparation of Domestic Utility Products)

(Sri Durga Products-Phenyl, Soap Oil and Surf)

The **Chemistry Club Analyte** organises the **Earn While You Learn Programme** which is useful for the students who want to take care of their own expenses and for those who are willing to share the burdens and responsibilities of their parents. It is observed that this programme boosts the self-confidence and independency of the students.

This programme also helps the student to face the workplace environment and pressures with ease and comfort. If students do part time jobs while studying a course they will get the uncountable exposure and benefits. They may also know how to earn, how to save and plan the finances for the future and also learn to spend the hard earned money wisely. They also will learn the time management and commercial awareness techniques to suit the job market.

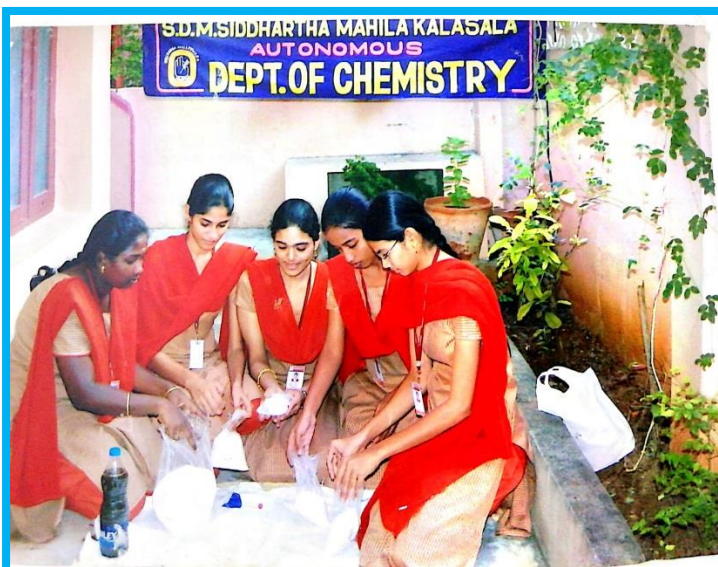

This concept was designed keeping in view the economic status of the students, hoping that, this initiative of ours would go a long way in enabling them to be self-sustained by taking recourse to manufacturing any of the items demonstrated in our labs.

2014-15:

The Students of SDMSMK trained to prepare Domestic Utility Products.

Prepared surf, phenyl and soap oil at home for sale.

Preparation of phenol, washing powder, chalk pieces were shown to the high school students. Hoping that, this initiative of ours would go a long way in enabling them to be self-sustained by manufacturing any of the items demonstrated in our labs.

Hands on training to house wives by the students of SDMSMK

2015-16:

Preparing Detergent powder

Sri Durga Products- Ready for Sale;

2016-17:

Students are appreciated by Dr. G. Jyothi lecturer in Chemistry St. Theresa's College, Eluru.

Weighing Detergent Powder to prepare half Kg pack.

2017-18:

Earn While You Learn Programme

Students Preparing Sri Durga Products (Soap Oil and Detergent Powder).

2018-19:

Dept. of Chemistry appreciated by the Director and the Principal for the training given by staff for preparing Sri Durga Products Under Earn While You Learn Programme.

A student prepared Sri Durga Products in the weekend at home;

Encouraged by the HOD, Dept. of Chemistry

2022-23:

Lab attenders packing Sri Durga Products (Soap Oil and Detergent Powder).

2023-24:

Students Preparing Sri Durga Products (Soap Oil and Detergent Powder).
