

Department of Botany

Event name: Climate Campaign programme:

Date: 23-10-2024

No. of students participated: 200

Report: Department of Botany and environmental studies organized climate campaign programme. The resource person of this programme is Shri A.K. Parida, Retd IAS Officer and General Secretary of Indian Red Cross Society urged student volunteers of Siddhartha Mahila Kalasala, to become instrumental in helping society face the travails of Climate change that is playing havoc in the world.

In a special meet with students of B.SC.BZC, Botany, N.S.S & N.C.C groups he urged students to download the A.P. Red Cross App which would help ascertain pollution, water contamination and garbage disposal problems in neighbourhoods. In-Charge Principal Dr. R. Madhavi brought home to the students the impending dangers looming large due to climate change and suggested ways and means to combat it. Co-ordinator of the programme Ms. T. Salomi, Lect in Botany and Senior faculty were present on the occasion.

Shri A.K.Parida , Retd IAS Officer and General Secretary of Indian Red Cross Society
