

DEPARTMENT OF ELECTRONICS
“E-WASTE CRAFTS EXPO 2K26”

Department of Electronics Organized a “E-waste crafts expo 2k26” on **29-1-2026**. Students from II B.Sc Electronics, II B.Sc AI, I Electronics participated in this program.

Description:

The E-Waste Crafts Expo 2K26 was successfully organized by the Electronics Department of Siddhartha Mahila Kalasala on 29-1-2026. The event aimed to promote environmental awareness and creative reuse of electronic waste among students.

The expo showcased a variety of innovative crafts and functional products made from discarded electronic components such as circuit boards, wires, old gadgets, and other e-waste materials. Participants displayed creatively designed art pieces, decorative items, utility products, and educational models demonstrating sustainable practices. Students from different departments actively participated.
