DEPARTMENT OF ELECTRONICS

SEMINAR ON “SAFER INTERNET by MINISTRY OF ELECTRONICS”

Department of Electronics Organized a Seminar on “SAFER INTERNET DAY” on 10-2-2026 by Ministry of Electronics (NIC). Students from II B.Sc Electronics, II B.Sc AI, II B.Sc COMP(B), I B.Sc COMP(A), I Electronics participated in this programme.

Description:

Organized by Ministry of Electronics & Information Technology in collaboration with the departments of electronics at Sri Durga Malleswari Siddhartha Mahila Kalasala on 10-02-2026.

On *Safer Internet Day*, the Ministry of Electronics & Information Technology, Government of India conducted an awareness programme at Sri Durga Malleswari Siddhartha Mahila Kalasala, Vijayawada to educate students about safe and responsible use of the internet. The campaign, observed under the nationwide initiative on *Safer Internet Day*, aimed to create digital awareness and promote cyber safety practices among college students and staff.

The Ministry’s initiative, conducted as part of the Information Security Education & Awareness (ISEA) programme, focused on key aspects of online safety, including:

- Understanding cyber hygiene and best practices for secure browsing.
- Awareness about common online threats such as phishing, malware, and identity theft.
- Encouraging responsible online behaviour while using social media and digital platforms.
- Guidance on how to report cybercrimes through the National Cybercrime Reporting Portal and toll-free helpline 1930.

The programme highlighted the importance of protecting personal information, using strong and unique passwords, enabling multi-factor authentication, and being cautious about sharing sensitive information online. Students actively participated in discussions and were made aware of practical steps they can take to stay safe in the digital world.
