Chairman's letter to shareholders

Dear Shareholders,

On behalf of the Board of Directors of Karda Constructions Limited, I am happy to welcome you to the 12th Annual General Meeting of your company. Thank you for your continued support and goodwill that is crucial to the success of our company.

We have successfully completed the first financial year after listing. It gives me immense pride to share with you that your company has been successful in giving possession to 234 customers during the financial year. Till date your company has delivered more than 1000 units of its 20 completed projects. Further your company has launched two new projects named Hari Kunj Mayflower (Residential cum commercial project) (RERA Reg No: P51600020249) and Hari Laxmi (Residential project) with three phases (RERA Reg No Phase I: P51600004852, Phase II: P51600005165 and Phase III: P51600003727).

It's my pleasure to inform you that your company received an award from the Hon'ble Chief Minister of Maharashtra, Shri Devendra Phadnavisji in the category of "Affordable Homes - Capsule Homes" at the event of "Saluting the Icons of Real Estate" hosted by a renowned Publisher, MID-DAY, held at Mumbai for an Exemplary Contribution towards construction of Affordable homes in Nasik, under the Central Governments' PMAY Scheme. Also an award has been received for the "Outstanding Concrete Structures of Khandesh Region, Nasik" for the residential project "HARI VISHWA" (RERA Reg No: P51600001205) situated at Pathardi Phata, Behind Hotel Express Inn, Nasik-422010 at the event arranged by "ACCE (I), Nasik – UltraTech Awards - 2018" hosted by the Association of Consulting Civil Engineers (I), Nasik Center and UltraTech Cement Limited.

I am confident of our future as we move ahead. Our strength being the geographical spread in Nasik remains the same. Your company has carpet area of approximately 19,91,419 Sq ft to be developed under total 17 ongoing projects of the company. We have also diversified the business with entering into the field of works contracting. Presently your company has total works contract orders worth ₹153.91 Crore. Also the borrowing of the company has been reduced to ₹ 4697.56 Lakhs from ₹ 6696.23 Lakhs during the financial year.

For sustaining in the challenging environment we have taken special efforts on our sales and marketing department by announcing various promotional schemes.

Before I conclude, I would also like to thank other stakeholders, our clients, vendors and partners for their trust and support. I thank the governments, ministries and departments of state that we operate in, for their continued support.

And of course, I look forward to your continued support and best wishes.

Thank you
With best wishes

ANNEXURE – I NOMINATION AND REMUNERATION POLICY

INTRODUCTION

This Nomination and Remuneration Policy is being formulated in compliance with Section 178 of the Companies Act, 2013.

This policy is for the nomination and remuneration of Directors, Key Managerial Personnel, Senior Management and Other Employees has been formulated by the Nomination and Remuneration Committee (Hereinafter referred to as “NRC” or “the Committee”) and has been approved by the Board of Directors.

The Nomination and Remuneration Policy of '**Karda Constructions Limited**' (Hereinafter referred to as “the Company”) is designed to attract, motivate, improve productivity and retain manpower, by creating a congenial work environment, encouraging initiatives, personal growth and team work, and inculcating a sense of belonging and involvement, besides offering appropriate remuneration packages and superannuation benefits. The policy reflects the Company's objectives for good corporate governance as well as sustained long term value creation for shareholders.

DEFINITIONS

“Remuneration” means any money or its equivalent given or passed to any person for services rendered by him and includes perquisites as defined under the Income-tax Act, 1961 and other statutory benefits;

“Key Managerial Personnel” means key managerial personnel shall include as defined under the Companies Act, 2013

1. The Chief Executive Officer or the managing director or the manager;
2. The Company Secretary;
3. The Whole-Time Director;
4. The Chief Financial Officer;
5. Any other person appointed as the Key Managerial Personnel by the Board of Directors of the Company

“Senior Managerial Personnel” means the personnel of the company who are members of its core management team excluding Board of Directors. Normally, this would comprise all functional heads or Head of the Divisions.

APPLICABILITY

This Policy applies to directors, senior management including its Key Managerial Personnel (Hereinafter referred to as “KMP”) and other employees of the Company.

GUIDING PRINCIPLE

The guiding principle is that the nomination, terms of employment and remuneration should effectively help in attracting and retaining committed and competent personnel.

While designing remuneration packages, industry practices and cost of living are also taken into consideration.

(1) NOMINATION:

(A) Directors:

The appointment of the Non-Executive and Independent Directors are subject to the recommendation of NRC and approval of the Board of Directors and Shareholders. The Company shall comply with the provisions of the Companies Act, 2013 and the related rules framed thereunder, from time to time, for appointment of the Managing Director, Executive Director and Independent Directors.

(B) Key Managerial Personnel (KMP):

Appointment and removal of KMP are subject to the approval of the NRC and the Board of Directors.

(C) Senior Management:

The Managing Director is authorised to make appointment and removal of senior management personnel. The same will be reported to the Board in the next Board Meeting.

(D) Other employees:

Other employees will be appointed by the Managing Director from time to time.

(2) REMUNERATION:

The NRC while designing the remuneration package considers the level and composition of remuneration to be reasonable and sufficient to attract, retain and motivate the person to ensure the quality required to run the company successfully.

The NRC while considering a remuneration package must ensure a balance between fixed and performance linked variable pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

The NRC considers that a successful Remuneration Policy must ensure that some part of the remuneration package is linked to the achievement of corporate performance targets and a strong alignment of interest with stakeholders.

REWARD PRINCIPLES AND OBJECTIVES

The Company's Remuneration Policy is guided by a reward framework and set of principles and objectives as more fully and particularly envisaged under section 178 of the Companies Act 2013, inter alia principles pertaining to determining qualifications, positive attributes, integrity and independence etc.

Remuneration also aims to motivate personnel to deliver Company's key business strategies, create a strong performance-oriented environment and reward achievement of meaningful targets over the short and long- term.

(A) Non-Executive Directors:

As per this Policy, the non-executive directors are paid remuneration in the form of sitting fees for attending Board Meetings and Committee meetings thereof, as fixed by the Board of Directors of the Company from time to time subject to statutory provisions..

(B) Managing Director:

Remuneration of Managing Director reflects the overall remuneration philosophy and guiding principle of the Company. When considering the appointment and remuneration of Managing Director, the NRC considers pay and employment conditions in the industry, merit and seniority of the person and the paying capacity of the Company. The term of office and remuneration of Managing Director are subject to the approval of the Board of Directors, Shareholders and also subject to the approval of the Central Government (if required to be obtained) and the limits as prescribed under the Companies Act, 2013 and the related rules made thereunder read with Schedule V, as amended from time to time.

The Managing Director's remuneration comprises of salary, perquisites and performance based commission/reward apart from retirement benefits like Provident Fund, Superannuation, and Gratuity etc. as per the Rules of the Company.

The Managing Director is also entitled to customary non-monetary benefits such as Company Car, Health Care Benefits, Leave Travel, Communication Facilities, etc.

(C) Whole Time Directors:

While considering the appointment and remuneration of Whole Time Directors, the NRC shall consider pay and employment conditions in the industry, merit and seniority of the person and the paying capacity of the Company. The term of office and remuneration of Whole Time Directors are subject to the approval of the Board of Directors, Shareholders and subject to the approval of the Central Government (if required to be obtained) and the limits as prescribed under the Companies Act, 2013 and the related rules made thereunder read with Schedule V, as amended from time to time.

The remuneration of Whole Time Directors comprises of salary, perquisites and performance based commission/reward apart from retirement benefits like Provident Fund, Superannuation, Gratuity etc. as per the Rules of the Company.

The Whole Time Directors are also entitled to customary non-monetary benefits such as Company Car, Health Care Benefits, Leave Travel, Communication Facilities, etc.

(A) Employees:

Remuneration of other employees is decided by the Managing Director, where applicable, broadly based on the Remuneration Policy of the Company. Total remuneration comprises of:

- A fixed base salary – set at a level aimed at attracting and retaining executives with professional and personal competence, showing good performance towards achieving Company goals.
- Perquisites – in the form of dearness allowance, house rent allowance, conveyance allowance, medical allowance, leave travel allowance, reimbursement of telephone expenses incurred for business of the Company and other benefits as per the Company's policy.
- Retirement benefits – Contribution to Provident Fund and gratuity as per the Company Rules.
- Motivation/Reward – A performance appraisal is carried out annually and promotions/ increments/ rewards are decided by the Managing Director based on the appraisal and recommendation of the concerned Head of Department, Chief Financial Officer and Human Resources Head, where applicable.
- Severance payments - in accordance with terms of employment, and applicable statutory requirements, if any.

EVALUATION

The Committee shall carry out evaluation of performance of Directors and KMP yearly or at such intervals as may be considered necessary. Managing Directors shall carry out evaluation of performance of the Senior Management Personnel as per the Company's policy and report to the Committee.

DISCLOSURE OF INFORMATION

Information on the total remuneration of members of the Company's Board of Directors and KMP/senior management personnel may be disclosed in the Company's annual financial statements as per statutory requirements.

APPLICATION OF THE REMUNERATION POLICY

This Remuneration Policy shall continue to guide all future employment of Directors, Company's Senior Management including Key Managerial Personnel and other employees. Any departure from the policy can be undertaken only with the approval of the Board of Directors.

NRC MEETINGS

The meetings of NRC will be governed by the provisions of the Companies Act, 2013, Rules made there under and the regulations of the Listing Agreement as may be applicable from time to time.

Proceedings of all meetings must be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meeting.

INDUSTRY OVERVIEW

The real estate sector is one of the most globally recognized sectors. Real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy. It is also expected that this sector will incur more non-resident Indian (NRI) investments in both the short term and the long term.

Real estate sector in India is expected to contribute 13 per cent of the country's GDP by 2025. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

The Indian real estate sector has witnessed high growth in recent times with the rise in demand for office as well as residential spaces. Institutional investments in India's real estate are expected to reach US\$ 5.5 billion for 2018, the highest in a decade.

Opportunities and Threats

Affordable Housing

Affordable housing is not a part of Indian real estate sector till now but recently attracted attention from prominent developers and private equity players. It is yet to be defined clearly in India. Affordable housing is vastly emerging as a new asset class for developers as well as private equity players who are ready to tap the immense prospective in this segment. The key successful factors for affordable housing include the use of alternate materials, low cost techniques and mechanisms, as apart from the faster approvals from the government.

Government Initiatives

The Government of India along with the governments of the respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the real estate companies. Below are some of the other major Government Initiatives:

- Under the Pradhan Mantri Awas Yojana (PMAY) Urban, more than 8.09 million houses have been sanctioned up to May 2019.
- In February 2018, creation of National Urban Housing Fund was approved with an outlay of Rs 60,000 crore (US\$ 9.27 billion).
- Under the Pradhan Mantri Awas Yojana (PMAY) Urban 1,427,486 houses have been sanctioned in 2017-18. In March 2018, construction of additional 3,21,567 affordable houses was sanctioned under the scheme

Segment-wise or product-wise performance

The Karda Group is a well established Nashik based group having its presence in the construction industry for more than two decades. The group was founded by our promoter Mr. Naresh Karda in year 1994. In the years following its inception the group concentrated on developing affordable housing in the residential segment and from year 2001 onwards, the group diversified into commercial segment.

Company has completed 20 projects built in carpet area of 10, 80, 072 Sq Ft consisting 1072 residential units and 78 commercial units. Company has 17 on-going projects comprising approx more than 2000 residential units and 93 commercial units to be built in Carpet area of 19, 91,419 Sq Ft approx.

Also company has been successful in getting new works contract during the financial year 2018-19. The current value of the Works contract that company has is approximately ₹153.91.

Outlook and Initiatives for the Current Year and Thereafter

Your company intends to focus on the completion of it's the on-going projects and handing over the possession of the ready units lying with company as inventories.

Also along with the construction, Company would strive to receive more contract work orders in the current financial year and in future.

Company plans to focus on the customer needs and preferences to achieve more stability in the market. Location of the project would be major key driver for the sale. Hence Company would aim at finding and acquiring such land being appropriate for the projects.

Risks and concerns

Inventory pile-up in the Indian real estate sector

Some of the major Indian cities have faced a sharp decline in property prices as well as lending rates.

The pile up has been caused due to a number of reasons like fall in demand, litigation issues, failure to deliver projects on time, poor planning, etc. Hence high interest has to be paid on such unsold units. This also delays launch of new projects.

Low rental yield from the Indian real estate sector

Rental yield is the key determining factor of purchase and the value of a property. A high yield is important for making an investment in the property. Rental yields in India is among the lowest in the world at 2.2% (Equitymaster, 2016). This makes buyers looking for property only as investment somewhat skeptical of purchasing. Also gross rental income in the major cities Mumbai, New Delhi, and Bangalore are quite poor despite a consistent rise in property prices (Shanu, 2016; Singh, 2017). This indicates that real estate in India is overpriced in some locations, making it a dull investment option. Thus low rental yield is a major challenge for real estate.

Difficulty in getting bank loans and delay in possession

Home loan seekers commonly face difficulties in procuring a loan from banks and non-banking financial institutions (NBFCs). The top reason is facing rejection of application due to lack of knowledge about documentation and lack of required credit score. Another reason is lack of required sum for down payment on the loan. In most cases banks approve loans quickly; they take much longer to disburse the loan. During this period customers are faced with increased costs and waning interest on the property. Despite the launch of friendly mobile applications and instant customer service, this issue remains grave in the financial sector.

Most developers initiate several projects at a point of time and start advertising much before the completion of the project to attract the customers. However stoppage in construction of property due to varied reasons such as lack of funds, litigation, failure to procure necessary licenses, etc. causes a delay in completion of the project. Due to this buyers fail to get their property on time but are faced with the burden of repayment of loan.

Need of support from the Government

Of all the challenges reviewed real estate sector of India, only two issues have lately been addressed on a macro scale;

1. eradication of a complex tax structure with the implementation of GST and
2. Addressing inventory pile-up by implementing the RERA (Real Estate Regulatory Authority) bill.

Internal Control Systems and its Adequacy

Your Company has established adequate internal control procedures, commensurate with the nature of its business and size of its operations. These controls have been designed to provide a reasonable assurance regarding maintenance of proper accounting controls for ensuring orderly and efficient conduct of its business, monitoring of operations, reliability of financial reporting, accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, protecting assets from unauthorized use or losses, prevention and detection of frauds and errors, and compliance with regulations.

To provide reasonable assurance that assets are safeguarded against loss or damage and that accounting records are reliable for preparing financial statements, the Management maintains a system of accounting and controls, including an internal audit process. Internal controls are evaluated by the Internal Auditor and supported by the Management reviews. All audit observations and follow up actions thereon are tracked for resolution by the Internal Audit and Business Control function and reported to the Audit Committee.

Discussion on financial performance with respect to operational performance.

During the Financial Year 2018-19, revenue from operations was Rs. 10529.66 Lakhs as compared to Rs. 12,679 Lakhs during the previous year. Profit after tax for the financial year is Rs. 1202.35 Lakhs as compared to profit of Rs.1301.40 of previous year.

Cautionary Statement

Statements in the Management Discussion and Analysis describing the Company's objective, projections, estimates and expectations may be 'forward-looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company operations include, among others, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in government regulations, tax laws and other statutes and incidental factors.

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and rule no.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Karda Constructions Limited

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Karda Constructions Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended on March 31, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board process and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019 according to the provisions of:

- (I) The Companies Act, 2013 (the Act) and the rules made thereunder;

Independent Auditors' Report

To The Members of
Karda Constructions Limited

Report on the Audit of the Standalone Financial Statements Opinion

We have audited the standalone financial statements of Karda Constructions Limited ("the Company"), which comprise the balance sheet as at 31 March 2019, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| The Key Audit Matter | How the matter was addressed in our audit |
|--|--|
| 1. Accuracy of revenue recognition, measurement, presentation and disclosures as per IndAS 115 "Revenue from Contracts with Customers". | |
| Revenue from sale of residential and commercial units represents 82.56% of the total revenue from operations of the Company. Revenue is recognised upon transfer of control of residential and commercial units to customers. The trigger for revenue recognition is normally completion of the project or receipt of approvals on completion from relevant authorities. The Company records revenue over time till the actual possession to the customers or on actual possession to the customers, as determined by the terms of contract with customers. | <u>Principle Audit Procedures</u> <ul style="list-style-type: none">• Evaluating that the Company's revenue recognition accounting policies are in line with the applicable accounting standards;• Identifying the impact on adoption of the new IndAS 115;• Selection of samples of continuing and new contracts with the customers;• Scrutinising all the revenue journal entries raised throughout the reporting period and comparing details of a sample of these journals with relevant underlying documentation; |

| | |
|---|--|
| <p>Measurement of revenue recorded over time which is dependent on the estimates of the costs to complete</p> <p>Revenue recognition involves significant estimates related to measurement of costs to complete for the projects. Revenue from projects is recorded based on management's assessment of the work completed, costs incurred and accrued and the estimate of the balance costs to complete. Since revenue recognition has direct impact on the Company's profitability, the element of management bias is likely to be involved. Due to the inherent nature of the projects and significant judgment involved in the estimate of costs to complete, there is risk of overstatement or understatement of revenue.</p> | <ul style="list-style-type: none"> • #Conducting site visits during the year for selected projects to understand the scope and nature of the projects and to assess the progress of the projects; • #Testing sample sales of units for projects with the underlying contracts, completion status and proceeds received from customers; • Evaluation of industry wide procedures adopted for the revenue recognition under this standard. <p>Measurement of revenue recorded over time which is dependent on the estimates of the costs to complete</p> <ul style="list-style-type: none"> • #Compared, on a sample basis, revenue transactions recorded during the year with the underlying contracts, progress reports, invoices raised on customers and collections in bank accounts and whether the related revenue had been recognized in accordance with the Company's revenue recognition policies; • #Identification and testing operating effectiveness of key controls over recording of actual costs incurred for the projects; • #Sighting approvals for changes in estimated costs with the rationale for the changes and related documentation. • Comparison of the estimated costs with the costing details as mentioned for registration of the projects with the MahaRERA website. |
| <p align="center">2.Valuation of Inventories – Assessing the net realisable value</p> | |
| <p>Inventory represents the capitalized project costs to date less amounts expensed on sales by reference to the aforementioned projections. It is held at the lower of cost and net realisable value (NRV), the latter also being based on the forecast for the project. As such inappropriate assumptions in these forecasts can impact the assessment of the carrying value of inventories.</p> | <p><u>Principle Audit Procedures</u></p> <ul style="list-style-type: none"> • #Discussion with the management to understand the basis of calculation and justification for the estimated recoverable amounts of the unsold units ("the NRV assessment"); • #Evaluating the design and implementation of the Company's internal controls over the NRV assessment. Our evaluation included assessing whether the NRV assessment was prepared and updated by appropriate personnel of the Company and whether the key estimates, including estimated future selling prices and costs of completion for all property development projects, used in the NRV assessment, were discussed and challenged by management as appropriate; |

| | <ul style="list-style-type: none"> Evaluating the management's valuation methodology and assessing the key estimates, data inputs and assumptions adopted in the valuations, which included comparing expected future average selling prices with available market data such as recently transacted prices for similar properties located in the nearby vicinity of each property development project and the sales budget plans maintained by the Company. |
| 3) Tax Assessments | |
| Review, effect and presentation of completed tax assessments | <p><u>Principle Audit Procedures</u></p> <p>Verification of details of completed tax assessments and demands as at 31st March, 2019, followed by verification of tax refunds on completed tax assessments and treatment of the same in books of account and financial statements.</p> |

The Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure's to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- As required by Section 143(3) of the Act, we report that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- On the basis of the written representations received from the directors as on 31 March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its standalone financial statements - Refer Note 24 to the standalone financial statements;
- The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2019; and
- The disclosures in the standalone financial statements regarding holdings as well as dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016 have not been made in these standalone financial statements since they do not pertain to the financial year ended 31 March 2019.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT – 31 MARCH 2019

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls over financial reporting of **Karda Constructions Limited** ("the Company") as of 31st March, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company.
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on, “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2019

I. Company Overview

Karda Constructions Limited ("the Company") having CIN: L45400MH2007PLC174194 is a public listed company, incorporated and domiciled in India having its registered office at 2nd Floor, Gulmohar Status, Above Business Bank, Samarth Nagar, Nashik – 422005, Maharashtra, India. The Company is engaged primarily in the business of real estate construction, development, civil contracts (EPC) and other related activities. The equity shares of the Company are listed on The Bombay Stock Exchange Limited (BSE) and The National Stock Exchange of India Limited (NSE).

II. Summary of Significant Accounting Policies

(a) Basis of preparation and measurement

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with the Section 133 of the Companies Act, 2013 ("the 2013 Act") and the relevant provisions and amendments, as applicable. The financial statements have been prepared on accrual basis under the historical cost convention except certain financial instruments, defined benefit plans and share based payments measured at fair value.

The financial statements of the Company for the year ended March 31, 2019 were approved by the Board of Directors and authorised for issue on May 29, 2019.

(b) Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed and realisation of project into cash and cash equivalents. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

(c) Fair value measurement

The Company's accounting policies and disclosures require the measurement of fair values for financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows::

- Level 1 – quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 – inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(a) Revenue Recognition

Ind AS 115 – Revenue from Contracts with Customers has been notified by Ministry of Corporate Affairs (MCA) on March 28, 2018 and is effective from accounting period beginning on or after April 01, 2018, replaces existing revenue recognition requirements.

Under Ind AS 115, revenue is recognized when or as it satisfies each performance obligation by

transferring a promised goods or services to a customer. A goods or service is considered to be transferred when the customer obtains control. Under Ind AS 115, transfer of control of a good or service over time rather than at a point in time is considered when one of the following criteria are met:

- The Customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs.
- The entity's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

If it is not possible to demonstrate that the performance obligation is satisfied over time, the revenue cannot be recognized over time (means revenue is to be recognized following Completed Control Method, instead of Percentage of Completion Method (POCM)).

Costs incurred is being used to measure progress towards completion as there is a direct relationship between input and productivity. Determination of revenue under percentage of completion method necessarily involves making estimates, some of which are of technical nature, concerning where relevant, the percentage of completion, cost to completion, the expected revenue from the project or activity and the foreseeable losses to completion. The effect of changes, if any, to estimates is recognized in the financial statements for the period in which such changes are determined.

Revenue in excess of invoicing are classified as contract assets (which is referred as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which is referred as unearned/deferred income).

Rental income from operating leases is recognized on a straight line basis over the lease term.

The Company enters entering into Development and Project Management agreements with land-owners. Accounting for income from such projects, measured at fair value, is done on accrual basis as per the terms of the agreement.

The Company receives maintenance amount from the customers and utilize the same towards the maintenance of the respective projects. The balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

Revenue from sale of land is recognized when the agreement to sell is executed resulting in transfer of all significant risk and rewards of ownership and possession is handed over to the buyer.

Interest income is recognized on accrual basis at effective interest rate.

Dividend income is accounted when right to receive is established.

Share of Profit / (Loss) from partnership firms in which the Company is partner is recognized based on the financial information provided and confirmed by the respective firms.

**(e) Property, Plant and Equipment:
Recognition and measurement**

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment, if any. The cost of property, plant and equipment includes purchase price, including freight, duties, taxes and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognized from financial statements, either on disposal or when no economic benefits are expected from its use or disposal. The gain or losses arising from disposal of property, plant and equipment are recognized in the Statement of Profit and Loss in the year of occurrence.

Assets under construction include the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under other non-current assets. Assets under construction are not depreciated as these assets are not yet available for use

Subsequent expenditures

Subsequent expenditures related to an item of property, plant and equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company and cost can be reliably measured. All other repair and maintenance costs are recognized in the Statement of Profit and Loss during the year in which they are incurred.

Depreciation and amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation / Amortisation on property, plant & equipment of the Company has been provided using the straight line method based on the useful life specified in Schedule II to the Companies Act, 2013.

Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

Assets acquired on lease and leasehold improvements are amortised over the primary period of the lease on straight line basis.

The estimated useful lives and residual values of the property, plant & equipment and intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Investment property and depreciation

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

(f) Impairment of non-financial assets:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceeds the estimated recoverable amount, an impairment loss is recognised for such excess amount. The impairment loss is recognised as an expense in the standalone statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a decrease to the extent a revaluation reserve is available for that asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognized in the standalone statement of profit and loss, to the extent the amount was previously charged to the standalone statement of profit and loss. In case of revalued assets, such reversal is not recognised.

(g) Foreign currency transactions:

Transactions in foreign currencies are translated into the Company's functional currency at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at that date.

Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous standalone financial statements are recognised in the standalone statement of profit and loss in the period in which they arise.

(h) Investment in subsidiaries, joint ventures, partnership firms and associates:

Investments in equity shares and preference shares of subsidiaries, joint ventures, partnership firms and associate are recorded at cost and reviewed for impairment at each reporting date and if any impairment is required, the same is recognized in the Statement of Profit and Loss.

(i) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial Assets**Initial recognition and measurement**

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified as under:

I) Financial assets at amortised cost

- A financial asset is measured at the amortised cost, if both of the following conditions are met
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. Interest income from these financial assets is included in other income using the EIR in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

I) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI, if both of the following criteria are met:

- # These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest income and foreign exchange gains or losses which are recognized in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Profit or Loss and recognised in other income/(loss).

iii) Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is recognized in profit or loss and presented net in the Statement of Profit and Loss within other income in the period in which it arises.

iv) Equity instruments

All equity instruments other than investments in associates are measured at fair value. Equity instruments which are for trading are classified as FVTPL. All other equity instruments are measured at fair value through other comprehensive income (FVTOCI). The classification is made on initial recognition and is irrevocable.

Where the Company's management has elected to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in profit and loss when the Company's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Impairment of financial assets

The Company applies 'simplified approach' for recognition of impairment loss on financial assets for loans, deposits and trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

De-recognition

A financial asset is derecognized when:

- The rights to receive cash flows from the assets have expired or
- The Company has transferred substantially all the risk and rewards of the asset, or
- The Company has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction cost.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. For trade and other payables maturing within operating cycle, the carrying amounts approximate the fair value due to short maturity of these instruments.

Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) method. Gain and losses are recognized in the Statement of Profit and Loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction costs. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

De-recognition

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reflected in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(a) Inventories:

Inventories comprising of completed flats and construction-work-in progress are valued at lower of cost and net realisable value.

Construction work-in-progress includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Company.

(b) Income Tax:

The tax expense comprises current and deferred tax. Tax is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or in OCI.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- i) Has a legally enforceable right to set off the recognised amounts; and
- intends either to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent there is convincing evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) The Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Minimum Alternative Tax (MAT)

MAT credit is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal tax during specified period. MAT credit is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

(l) Employee benefits:**Short term employee benefits**

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Defined contribution plans

The Company's contribution to Provident Fund, Pension, Superannuation Fund and Employees State Insurance Fund are considered as defined contribution plans, as the Company does not carry any further obligations apart from the contribution made to the respective fund/scheme and are charged as an expense based on the amount of contribution required to be made.

Defined benefit plans

The liability recognized in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefits obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefits expense in the Statement of Profit and Loss. Remeasurement gain and losses arising from experience adjustments, changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income (OCI). They are included in retained earnings in the Statement of Change in Equity and in the Balance Sheet.

Leave Entitlement

Leave entitlement are provided based on an actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Statement of Profit and Loss in the period in which they occur.

(m) Leases:**Finance Lease**

Agreements are classified as finance leases, if substantially all the risks and rewards incidental to ownership of the leased asset is transferred to the lessee.

Operating Lease

Agreements which are not classified as finance leases are considered as operating lease.

Operating lease payments/income are recognised as an expense/income in the standalone statement of profit and loss on a straight line basis over the lease term unless there is another systematic basis which is more representative of the time pattern of the lease.

(n) Borrowing Costs:

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

Borrowing costs, pertaining to development of long term projects, are transferred to Construction work in progress, as part of the cost of the projects till the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

(o) Earnings per share:

Basic earnings per share is calculated by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

(p) Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, demand deposit and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(q) Provisions and Contingent Liabilities:

The Company recognizes a provision when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognized nor disclosed in the financial statements.

(r) Dividend:

Dividend to the equity shareholders is recognized as a liability in the Company's financial statements in the period in which the dividend is approved by the shareholders.

(s) Events after reporting date:

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

(t) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(u) USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements in conformity with Ind AS requires the use of estimates, judgements and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise.

Estimates and underlying assumptions are reviewed at each reporting date. Any revision to accounting estimates and assumptions are recognised prospectively i.e. recognised in the period in which the estimate is revised and future periods affected.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

I. Evaluation of satisfaction of performance obligation over a time (percentage completion) for the purpose of revenue recognition

Determination of revenue under the satisfaction of performance obligation over a time method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the timing of satisfaction of performance obligation, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined. The Company recognises revenue when the company satisfies its performance obligation.

ii. Evaluation of Net Realisable Value (NRV) of Inventories

Inventories comprising of completed flats and construction-work-in progress are valued at lower of cost and net realisable value. Net Realisable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognised in the standalone financial statements for the period in which such changes are determined.

I. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

ii. Fair value measurement of financial instruments

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Any changes in the aforesaid assumptions will affect the fair value of financial instruments.

iii. Impairment losses on investment

The Company reviews its carrying value of investments carried at amortised cost annually or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

iv. Deferred taxes

Deferred tax is recorded on temporary differences between tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profit during the periods in which those temporary differences and the tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward periods are reduced.

v. Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

Note 26 : Financial Risk Management Objectives and Policies

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument which fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments affected by market risk include loans and borrowings.

(a) Interest rate risk

Majority of the long-term borrowings of the Company bear fixed interest rate and thus interest rate risk is limited for the Company.

(b) Foreign currency risk

The Company is engaged in real estate business and the imports made by the company is very minimal for which hedging instruments are not required.

(c) Equity price risk

The Company's equity securities are not majorly susceptible to market price risk. However, the Company's Board of Directors reviews and approves all equity investment decisions after exercising due diligence which may affect the market related risk.

2 Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets are contributed by trade receivables, unbilled revenue, cash and cash equivalents and receivables from group companies.

(a) Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, thereby substantially eliminating the Company's credit risk in this respect.

(b) Receivables resulting from other than sale of properties: Credit risk related to such receivables is managed as per Company's established policy, procedures and control. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major receivables. The Company does not hold collateral as security. The Company's credit period generally ranges from 30 to 90 days.

(c) Credit risk on cash and cash equivalents is limited as the Company generally invests deposit with banks which have high credit ratings.

3 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other debt instruments. The Company invests its surplus funds in bank fixed deposits and debt based mutual funds.

Note 27 :**Capital Management**

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's management is to maximise shareholders value and to ensure the company's ability to continue as a going concern.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. Consistent with others in the industry, the Company monitors its capital using the gearing ratio which is total net debt (borrowings offset by cash and cash equivalents) divided by total capital of the Company.

Gearing Ratio

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define the capital structure requirements. Breaches in meeting the financial covenants would permit the lenders to immediately call loans and borrowings.

The gearing ratio at the reporting period was as follows:
