Report of Survey on Dependence on MOBILE PHONE

[2016-17]

A Survey on 'Dependency on Mobile Phone' conducted by department of psychology in month of august, September 2016. A field of applied statistics of human research surveys, Survey Methodology Studies The sampling of individual unit from a population and the associated survey data collection techniques, Such as questionnaire construction and methods for improving the number and accuracy of responses to surveys. Survey methodology includes instruments or procedure that ask one or more questions that may or may not be answered (George Beam, 2012)

Survey methodology as a scientific field seeks to identity principles about the sample design, data collection instruments, statistical adjustment of data and data processing, and final data analysis that Conceals Systematic and random survey errors (Graves Couper Lepknowski and Tourangeau, 2009)

Present survey consisted of 520 undergraduate and Post graduate student from all faculties of college e.g. Arts, Science, Commerce, Law and Home Science and teaching staff of college. Self constructed schedule was used for data collection and central tendency (mean) and percentage was used for statistical Analysis, Result of Survey are given in Table No.-01 and 02

Table No. - 01

S.N.	Faculties/Criterion	Arts	Science	Commerce	Law	Home Science
1	Availability of Mobile Phone	96%	99.3%	100%	100	80%
2	Time consumption in a day	6-7 Hours	8-10 Hours	10-12 Hours	10-12 Hours	04-05 Hours
3	Expansions in a month	200-300 Rupees	400-500 Rupees	500-600 Rupees	500 Rupees	200 Rupees
4	Sleeping with Mobile phone in day/Night	34.7%	46.7%	68.7%	60%	25%
5	How many times touch or check the phone	30-35	50-60	70-80	80	35
6	Know losses from over using mobile phone	1. Radiation problem 2. Wastage of time 3. Wastage of money 4. Bad effect on Studies 5. Bad effect on Body Parts like brain, heart, eye sight				

Table No. - 02

S.N.	Teaching Staff of College	Regular staff		Guest/JBS/Ad hoc	
		Male	Female	Male	Female
01	Availability of Mobile Phone	100%	100%	100%	100%
02	Time consumption in a day	4-5 hours	3-4 hours	4-5 hours	4-5 hours
03	Expansions in a month	400-500 Rupees	400-500 Rupees	400 Rupees	450 Rupees
04	Sleeping with Mobile phone in day/Night	0%	0%	6.5%	6.7%
05	How many times touch or check the phone	30-35	20-30	30-40	30-40
06	Know losses from over using mobile phone	1. Radiation problem 2. Wastage of time 3. Wastage of money 4. Bad effect on Studies 5. Bad effect on Body Parts like brain, heart, eye sight, etc 6. Compulsive behavior 7. Increase problems in relations 8. Effect on creativity of mind 9. Distance among family members 10. Bad effect on reading/writing habit
