The emphasis is on providing a wide choice of courses at different levels.

Most of these programmes have been developed after an initial survey of the need for such programmes. They are launched with a view to fulfilling the learners' needs for:

- ▢ certification,
- ▢ improvement of skills,
- ▢ acquisition of professional qualifications,
- ▢ continuing education and professional development at workplace,
- ▢ self-enrichment,

- ▢ empowerment.

## 1.6 Course Preparation

Learning material is specially prepared by teams of experts drawn from different universities and specialized institutions in the area spread throughout the country as well as in-house faculty. The material is scrutinized by the content experts, in-house faculty and edited by the language experts at IGNOU before these are finally sent for printing. Similarly, audio and video materials are produced in consultation with the course writers, in-house faculty and producers. The material is previewed and reviewed by the faculty as well as outside experts and edited/modified, wherever necessary, before they are finally dispatched to the students, Learner Support Centres and Telecast through Gyan Darshan.

## 1.7 Credit System

### a) Defining Credit in ODL

The University follows the 'Credit System' for most of its programmes. Each credit in our system is equivalent to 30 hours of learner study comprising all learning activities (i.e., reading and comprehending the print material, listening to audio, watching video, attending counselling sessions, teleconference and writing assignment responses). Thus, a 4-credit course involves 120 hours of study and a 6-credit course involves 180 hours of study. This helps the learner to know the academic effort he/she has to put in, to successfully complete a course. Completion of an academic programme (Degree or Diploma) requires successful completion of the assignments, practical, projects and the Term-End Examination as per requirement of each course in a programme.

### b) Choice Based Credit System (CBCS)

The Bachelor's Degree Programmes offered through this prospectus follow the Choice Based Credit System (CBCS) introduced by UGC. The CBCS provides the learner with flexibility to study the subjects/courses at their own pace; greater choice of inter-disciplinary, intra-disciplinary and skill-based

courses; and mobility to different institutions for studies. The system has the following advantages:

- ▣ Allows learners to choose a combination of inter-disciplinary, intra-disciplinary courses, skill oriented courses (even from other disciplines according to their learning needs, interests and aptitude).
- ▣ Makes education broad-based and at par with global standards.
- ▣ Offers flexibility for learners to study at different times and at different institutions to complete the programme. Credits earned at one institution can be transferred to another institution.

## 1.8 Support Services

In order to provide individualized support to its learners, the University has a large number of Learner Support Centres, spread across the country. These Learner Support Centres are coordinated by 67 Regional Centres and Recognised Regional Centres. At the Learner Support Centres, the learners interact with the Academic Counselors and other learners, refer to books in the Library, watch/listen to video/audio programmes and interact with the Coordinator on administrative and academic matters. The list of Regional Centres is given in this Prospectus. Support services are also provided through Work Centres, Programme Learner Support Centres, Skill Development Centres and Special Learner Support Centres.

**In case the number of students enrolled in a program is small, the University shall provide Technology Enabled Learner Support (TELS) through Gyan Darshan / Gyan Vani / Swayam Prabha/ Web based support.**

## 1.9 Programme Delivery

The methodology of instruction in this University is different from that of the conventional Universities. The Open University system is more learner-oriented and the learner is an active participant in the pedagogical (teaching and learning) process. Most of the instructions are imparted through distance education methodology as per the requirement.

The University follows a multimedia approach for instruction, which comprises:

- a) Self Instructional Printed Material:** The printed study material (written in self-instructional style) for both theory and practical components of the programmes is provided to the learners in the form of a single print book and/or e-book, comprising blocks and units or in the form of separate printed blocks for every course (on an average 1 block per credit). A block which comes in the form of a booklet usually comprises 3 to 5 units.

**Audio-Visual Material Aids:** The learning package contains audio and video programmes which have been produced by the University for better clarification and enhancement of understanding of the course material given to the learners. A video programme is normally of 25-30 minutes duration.

- b)** The Video content is available on eGyan kosh ([www.egyankosh.ac.in](http://www.egyankosh.ac.in)) – the digital learning repository of the University.

**The video programmes are also telecast on National Network of Gyan Darshan and Swayamprabha channels. All Gyan Vani stations broadcast curriculum-based audio programmes as per their schedule that is notified in advance. In addition, some selected stations of All India Radio also broadcast the audio programmes. Learners can confirm the dates for the programmes from their Learner Support Centres. The information is also provided through the university website.**

- c) Counselling Sessions:** Normally counselling sessions are held as per schedule drawn by the Learner Support Centres. These are mostly held outside the regular working hours of the host institutions where the Learner Support Centres are located. **However, in case the number of students in a programme is small, face-to-face counselling shall not be organized. In such cases the University shall provide Web Enabled Academic Support to the learners.**
- d) Tele conferences:** Live sessions are conducted via satellite through interactive Gyan Darshan Channel as well as simultaneously webcasted at <http://ignouonline.ac.in/> and via Facebook Live sessions.
- e) Practicals/Project Work:** Some Programmes have practical/project component also depending upon the learning requirements. Practical sessions are held at designated institutions for which schedule is provided by the Learner Support Centres. Attendance at practical sessions is compulsory. For project work, comprehensive project guide, in the form of a booklet, is provided to the learner along with the study

material.

## 1.10 Web Enabled Academic Support (WEAS)

To provide technology based academic support to the learners of the distance mode programmes, IGNOU has initiated a scheme of Web Enabled Academic Support (WEAS) for various ODL programmes of IGNOU. WEAS is a Single Window Platform providing various kinds of academic support including the study material, audio-video, quiz, discussion forum, calendar of activities, web-based video counselling, links of various web-based resources to the distance learners by using simple and easily available ICT tools. The students enrolled in programmes being offered through WEAS are given access to their programme specific portal in which they are provided with course material in digital format, video and learning resources. The portal enables online peer-to-peer interaction and discussion, it also gives an opportunity to the students to learn online and interact virtually with teachers and experts. To access WEAS click the link - <https://sites.google.com/ignou.ac.in/weas>

## 1.11 Evaluation System

The system of evaluation followed by the University also is different from that of conventional universities. IGNOU has a multitier system of evaluation.

1. Self-assessment exercises within each unit of study material.
2. Continuous evaluation mainly through assignments which are tutor-marked, practical assignments and seminar/ workshops/extended contact programmes, etc.
3. Term-End Examinations (TEE).
4. Project / Term-end Practical examination.

The evaluation of learners depends upon various instructional activities undertaken by them. A learner has to write assignment responses compulsorily before taking Term-End Examinations from time to time to complete an academic programme. A learner has to submit Tutor Marked Assignments (TMA) responses to the Coordinator of the Learner Support Centre to which s/he is attached. **Term-end examination is conducted at various examination centres spread all over the country and abroad in June and December every year.**

IGNOU uses the following system of "Grading" for evaluating learners' achievement

| Letter Grade | Qualitative Level | Point Grade |
|--------------|-------------------|-------------|
| A            | Excellent         | 5           |
| B            | Very Good         | 4           |
| C            | Good              | 3           |
| D            | Average           | 2           |
| E            | Unsatisfactory    | 1           |

For Bachelors' and Masters' degree programmes, normally the system of numerical marking is followed, and the marks secured in assignments, TE Exams, etc. are later converted into grades as per the five-point grading scale given above. However, if required by the learner, the university provides numerical marks and division (I, II or Pass).

IGNOU uses 10-Point Grading System for evaluating learners' achievement for Bachelor Degree Programmes under CBCS, as under:

### 10-Point Grading System of IGNOU as per UGC-CBCS Guidelines

| Letter Grade      | Numerical Grade | Percentage          |

| A (Very Good)     | 8               | $\geq 65$ to $< 75$ |
| B+ (Good)         | 7               | $\geq 55$ to $< 65$ |

| D (Pass)          | 4               | $\geq 35$ to $< 40$ |
| F (Fail)          | 0               | $< 35$              |

- \* 1. As per CBCS, in disciplines such as Botany, Chemistry, Geology, Physics and Zoology, where Laboratory work is compulsory, a 06 Credit Course is offered as a combination of two Courses in the same subject area: a 04 Credits Theory Course and a 02 Credits Laboratory Course. Both these courses in a given subject area of a discipline are to be taken together compulsorily.
2. Every course offered by the Mathematics discipline, which does not require Laboratory work, is a single course of 06 Credits which includes 01 Credit worth of Tutorials.
3. In the Geography discipline, some subject areas do require Laboratory works whereas, some subject areas donotrequire any Laboratory work. Therefore, the Courses of the Geography discipline are of two types:  
 a) Courses which require Laboratory work – Each such Course is a combination of a 04 Credits Theory Course and a 02 Credits Laboratory Course (both these are to be taken together compulsorily); and b) Courses which do not require Laboratory work – Each such Course is of 06 Credits and includes 01 Credit worth of Tutorials.

#### Selection of Discipline

You need to select three disciplines from the table given below. You can select only one discipline from any particular group:

### SEMESTER-WISE COURSE OPTIONS FOR BSCG

The Bachelor's Degree in Science is of 132 credits spread over six semesters (Three years) with study load worth 22 credits in each semester. The students have to select any Three Disciplines for study as per their interest in which they want to obtain their bachelor's degree in Science. They have to make a conscious decision of choosing the Disciplines they want to study since the Disciplines once chosen in first semester will have to be studied in the subsequent semesters also. In each semester, the students have to choose 4 courses in all from different categories of courses. **The courses given in pairs need to be taken in pairs only.** While the courses under CC and DSE Categories are of 6 credits each, the courses under AEC and SEC are of 4 credits each. Therefore, the study load in each semester will come out to 22 credits. While the detailed nomenclature and number of credits for different courses have been presented earlier, the following Table presents the CODES of Courses available as option in each semester from different categories of courses with credit load:

**DISCIPLINE-WISE AND SEMESTER-WISE COURSE OPTIONS FOR BA (HONOURS) PROGRAMME**

The Bachelor's Honours Degree Programme is of 148 credits spread over six semesters.. In each semester, students have to choose four courses from different categories of courses. While the courses under CC, DSE and GE Categories are of 6 credits each, the courses under AECC and SEC are of 4 credits each. While the fourteen CCs are distributed across the six semesters, the four DSEs are available in the fifth and sixth semesters only. There will be a number of SECs and the GEs available in the common pool each semester. A student has to opt for only one GE for study in each of the first four semesters and one SEC during the third and fourth semesters of the programme. The university will be adding new SECs and electives (DSEs and GEs) to the existing pool of courses from time to time..

The following Table presents the CODES of courses available for BA (Honours) in each semester from different category of courses with credit load.

### 3.9 Bachelor of Arts English (Honours)(BAEGH) School of Humanities (SOH)

The University offers a Bachelor's Honours Degree Programme in English (**BAEGH**) in addition to a number of other disciplines. Information pertaining to the Programme is given below:

**Objectives (BAEGH):** With a substantial number of courses drawn from a single discipline (English), and a few interdisciplinary and skill-based elective courses, the Bachelors Honours programme (English) is designed to give an in-depth knowledge in that discipline while allowing for exposure to subjects beyond the discipline as well. The Honours programme has the following general objectives:

1. To introduce the learner to main themes and topics in the discipline of English through core, discipline-centric electives, ability/skill enhancement and generic courses.
2. To facilitate the learners to work towards ability and skill enhancement through exposure to appropriate courses in humanities and social sciences.
3. Introduce learners to reading and writing skills through assignments and exercises at an undergraduate level.
4. Expose the learners to the importance of interdisciplinary study by enabling them to offer courses outside their disciplines.

**Eligibility:** 10+2 or its equivalent

**Medium of Instruction:** English

**Duration:** Minimum 3 years and Maximum 6 years; offered in both January and July cycle of admission.

**Fee Structure:** A total of Rs. 11,700/- is to be paid year-wise for the full programme, @ Rs.3,900/- year. Fee to be paid in the first year including a registration fee of 200/- is Rs. 4,100/-.

The University follows the credit system for offering all its programmes. One credit is equal to 30 hours of learners' study time. To earn BA (Honours) Degree in a discipline, a learner has to complete courses worth 148 credits in a minimum of six semesters (three years). The students have to complete 22 credits each in first and second semesters; 28 credits each in third and fourth semesters; and 24 credits each in fifth and sixth semesters.

The Honours programmes have a mix of courses. For earning 148 credits, a student has to study the following categories of courses:

- a) Core Courses (**CC**)
- b) Discipline Specific Electives (**DSE**)
- c) Ability Enhancement Compulsory Courses (**AECC**)
- d) Skill Enhancement Courses (**SEC**)
- e) Generic Electives (**GE**)

A learner can choose BA Honours programme in any **ONE** of the following Disciplines: Economics, English, Hindi, History, Political Science, Psychology, Public Administration, and Sociology. The study load of the Honours programmes varies from semester to semester. Once the Discipline is chosen, the learner has to take the courses under categories (a) Core Courses and (b) Discipline Specific Elective Courses from that Discipline **ONLY** in all the semesters.

#### **Core Courses (CC)**

The programme has 14 core courses. Each core course is of six credits. These courses cover more than half of the programme, 84 credits (14 courses x 6 credits) out of 148 credits of the programme.

#### **Discipline Specific Elective Courses (DSE)**

Discipline Specific Elective Courses (DSEs) are on offer in the fifth and sixth semesters of the programme. The 4 DSEs are specific (or specialized or advanced or supportive) to the discipline or subject of study and provide an extended scope. They are of 6 credits each (6 courses x 4 credits) and will thus be 24 credits in all.

### Ability Enhancement Compulsory Courses (AECC)

Ability Enhancement Compulsory Courses are of four credits each. As the name suggests, the Ability Enhancement Compulsory Courses (AECCs) are compulsory for all learners. There are two AECCs on offer, one each in the first and second semesters. With one course in the first two semesters each, (2 courses x 4 credits), the AECC courses will add upto 8 credits in all.

### Skill Enhancement Courses (SEC)

Skill Enhancement Courses (SECs) are also ability enhancement courses. These are value-based and/or skill-based courses and are designed to develop competencies and skills. Each Skill Enhancement Course (SEC) is of four credits. These courses are on offer in the third and fourth semesters. One SEC in each semester (2 courses x 4 credits) will add up to 8 credits.

### Generic Electives (GE)

Generic Electives (GEs) are the other type of electives that are on offer in the first, second, third and fourth semesters of the programme and are of 6 credits each. These courses are inter-disciplinary in nature and provide an exposure to other disciplines/subjects. With one course in each of the first four semesters, (4 courses x 6 credits), GE will come to 24 credits in all.

## SEMESTER-WISE COURSE OPTIONS

In each semester, the students have to study four 4 courses in all from different categories of courses except in the third and fourth semesters when the number of courses goes up to 5. While the courses under CC, DSE and GE Categories are of 6 credits each, the courses under AECC and SEC are of 4 credits each. While the fourteen CCs are distributed across the six semesters, the four DSEs are available in the fifth and sixth semesters only. There will be a number of SECs and the GEs available in the common pool in each of the semesters in which they are offered. A student has to opt for only one GE for study in each of the first four semesters and one SEC during the third and fourth semesters of the programme. The university will be adding new SECs and electives (DSEs and GEs) to the existing pool of courses from time to time. The study load in the first and second semesters will be 22 credits each and while the credit load in the third and fourth semesters will be enhanced to 28 credits each, it will come down to 24 credits each in the fifth and sixth semesters. Thus the total study load will come to 148 credits. The following Table presents the **CODES** and **TITLES** of credit load and semester-wise courses available for BA Honours (English):

### SEMESTER WISE COURSES

In each semester, the students have to study four 4 courses in all from different categories of courses except in the third and fourth semesters when the number of courses goes up to 5. While the courses under CC, DSE and GE Categories are of 6 credits each, the courses under AECC and SEC are of 4 credits each. While the fourteen CCs are distributed across the six semesters, the four DSEs are available in the fifth and sixth semesters only. There will be a number of SECs and the GEs available in the common pool in each of the semesters in which they are offered. A student has to opt for only one GE for study in each of the first four semesters and one SEC during the third and fourth semesters of the programme. The university will be adding new SECs and electives (DSEs and GEs) to the existing pool of courses from time to time. The study load in the first and second semesters will be 22 credits each and while the credit load in the third and fourth semesters will be enhanced to 28 credits each, it will come down to 24 credits each in the fifth and sixth semesters. Thus the total study load will come to 148 credits. The following Table presents the CODES and TITLES of credit load and semester-wise courses available for BA (Performing Arts) Hindustani Music Honours.

## 4.19 Master of Science (Counselling and Family Therapy) (MSCCFT) School of Continuing Education (SOCE)

The M.Sc. programme in the area of Counselling and Family Therapy is aimed at developing professionals in this vital field, which is gaining greater salience in the present times both from social and employment perspectives. The contemporary social scenario has resulted in an increased need and demand for professional support in terms of counselling and family therapy, which is being increasingly recognized as an effective approach both for promoting positives like strengthening family ties, fostering positive parenting, and increasing resilience of individuals in vulnerable situations as well as for addressing negative aspects such as socio-psychological problems, maladaptive behaviours, declining mental health, and psychosomatic disorders that are being increasingly witnessed in the present times. However, though the need for counselling and family therapy professionals is being increasingly felt, there is a dearth of professional support and experts who could lend a helping hand in promoting positive family processes and help individual family members in distress in a comprehensive way. As a result, there is a tremendous felt need for education and training in this area. By developing the requisite knowledge, understanding, attitudes and skills in the area of Counselling and Family Therapy, this unique programme of study would help to train professional cadres in the field, equipping them for both wage-employment and self-employment, and thus fill the existing lacuna.

A remarkable feature of this programme of study is its focus on the applied aspect and the thrust on opportunities for hands-on experience for the learner. In fact, almost half the credits of this Master's Degree Programme are earmarked for application-oriented learning opportunities. In the second year of the programme, the learner has the option to be trained in Marital and Family Therapy and Counselling, Child and Adolescent Counselling and Family Therapy or Substance Abuse Counselling and Family Therapy. Yet another special feature of the programme is that it has a provision of exit point for learners (after successful completion of the first year courses) in the form of P.G. Diploma in Counselling and Family Therapy (PGDCFT). The programme has theory, supervised practicum, internship, and dissertation as components.

**Eligibility:** Bachelor's degree in any subject from a recognized University.

**Medium of Instruction:** English

**Duration:** Minimum 2 years and Maximum 4 years; offered only in July cycle of admissions.

**Fee Structure:** Rs. 33,600/- for full programme to be paid year wise @Rs. 16,800/- per year.

## 4.27 Master of Science (Environmental Science) (MSCENV)

### School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

Undoubtedly, the earth is finding itself difficult to sustain a growing human population. The issues concerned with the environment are many and are interconnected so much so that a holistic, scientific and sustainable environmental management strategy is the need of the hour. Master of Science (Environmental Science) Programme aims at generating skilled man power to tackle the growing environmental and developmental problems and changes arising from the transition to a sustainable society. This programme will give an insight into the socio-economic causes and the characteristics of pollution and degradation of the natural environment, including the effects on human beings, the atmosphere, ecosystem and the other organisms. The programme will provide learners with the necessary means to develop the capacity to carry out independent assessments on environmental issues. In addition, learners will be well equipped to analyze and assess environmental systems and problems; be able to propose sustainable solutions to environmental problems; and contribute to the development of policies and strategies for environmental planning. Being an interdisciplinary field of knowledge, environmental science includes specializations with multidisciplinary scope in which the students will learn to address the challenges of maintenance of environmental integrity for sustainable development in relation to human activities.

#### Programme Objectives:

- To equip the learners with knowledge and understanding of the physical, chemical and biological processes of the environment
- To expose the learners with theoretical principles involved in air, water and soil pollution and monitoring systems
- To emphasize the principles and practices involved in sustainable natural resources management and environmental management
- To impart knowledge and understanding in impact assessment, environmental audit and laws.

## 4.28 Master of Arts (Folklore and Culture Studies) (MAFCS)

### School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

Folklore is one of the upcoming areas of research and pedagogy. The modular MAFCS Programme (the first year programme being PGDFCS: 32 credits) aims at creating a pool of specialized folklorists who can create a niche for themselves in fields of study like teaching and research departments in colleges and universities, libraries, museums, archives, historical associations, culture councils, national centres of arts, publishing houses, funding agencies, and the central and state government institutions, Agriculture, Rural Sociology, Extension, Medicine and Nursing, Women's Studies, African American Studies, Popular Culture, English and Foreign Language/Literature Departments as translators, interpreters, curators, musicologists, teachers, artists, performers, and many more. Film industry and TV channels also have a high demand for folklorists. Folk Entrepreneurs are coming up in a big way as job creators/providers, and this programme aims at creating self-reliant scholars of folklore.

A significant trend that emerges from the review of folklore is that in any period of human history, knowledge about theory, data and method is insured by the socio-cultural conditions specific to that period. India is a country with incredible cultural diversity. Each culture has its own traditional knowledge system. We are right when we say that people in the new- millennial, the denizens of the digital societies have a notoriously short-span attention and memory, and folk traditions are a part of endangered and dying cultures. Given such a situation, folklorists and folklore researchers are vulnerable to multiple challenges with regard to archiving, documentation and dissemination of the folk material. MAFCS sincerely aims at filling that gap and is dedicated towards the preservation of a dying/endangered traditional knowledge system. India's National Education Policy (NEP) and the University Grants Commission (UGC) pay a lot of importance to culture, languages and folklore and MAFCS maintains a balance with the points accentuated by the NEP and UGC.

MAFCS argues that all our classical art and literary forms have a folk background. Starting from our universities' syllabi to our coffee tables, classical literature always asserts its position, though we have failed to pay the due credit to folk literature. A literature, the product of and is a representation of mass culture, is definitely authentic and full fledged. Since there is this aspect of faithful representation of the ways of life of communities at the core of folk literature, MAFCS considers folk literature as autonomous. Folk is not something out there in a museum, it is a part and parcel of our lives, and thus, is fit enough to be our mainstream research. The modern texts that have made explicit use of the folk traditions to make it available to the readers today are also treated at par with the folk texts that have only the oral tradition, called the 'pure folk'. MAFCS experiments with that idea. The key idea of the MAFCS Programme is—folklore is flexible.

## 4.33 Master of Arts (Urban Studies) (MAUS)

### School of Extension & Development Studies (SOEDS)

Globally it is projected that two-third of mankind will live in the urban areas by 2025. India is 2nd largest urban system in the world with more than 30 percent of urban population. It is expected that by 2025, half of the India's population will be urbane. The excessive urbanization has created manifold problems such as transportation, poverty, unemployment, unauthorized housing colonies, slums and squatter settlements. One of the estimation shows that at least 33 percent of the Indian urban population lives in slums with related implications to development. Thus, urbanization will be a problem before the urban planners and policy makers in the years to come. Therefore, proper planning and management of urban development programmes hold the key for the planners and policy makers today. The criticality of the urban problems has not been properly understood due to less emphasis on urban development issues in the academic curriculum at the graduation and post-graduation levels. Therefore, MAUS will be useful for the people involved in the urban development programmes and also to the graduates who wish to pursue urban development as a career.

#### Programme Objectives

- To provide opportunity to the learners to deepen their knowledge and understanding of urban planning and development.
- To impart education on urban ecology, sustainable and smart cities and urban waste management with focus on enhanced knowledge.

## 4.34 Master of Arts (Women and Gender Studies) (MAWGS)

### School of Gender & Development Studies (SOGDS)

Women's & Gender Studies are emerging and growing areas of academic inquiry today. The modular MAWGS programme is aimed at students with a Bachelor's degree in any discipline with an interest in this area. The programme will acquaint students with the academic area of women's and gender studies and its history, theoretical premises and progression to present day status. It is expected that learners who have completed the MA programme would have a deeper understanding of formulations of empowerment. They would have been exposed to cultural, literary, political and socioeconomic dimensions within gender frameworks through either one of the two specialisations. This degree will equip students with the ability to deconstruct the complex power hierarchies and relationships operating in society, from the perspective of women and gender.

#### Career Options

Students completing the Master's Degree will be able to pursue higher studies and research programmes, find employment with government agencies, corporate sector, advocacy assignments through national and international non-profit organisations, pursue careers in teaching, writing, editing, mass media or opt for other appropriate career options.

#### Modular Structure and Specializations

This is a 66 credit two year programme. The first year consists of core, foundational courses which will equip learners with an analytical and critical understanding of theoretical and conceptual issues related to women's and gender studies in an inter-disciplinary context. Due to the progressive nature of the programme, students are required to complete the core foundation courses to be offered sequentially in semester 1 and semester 2 before proceeding further. Learners who successfully complete the requirements of the 34 credit first year curriculum (32 credits of coursework + 2 credits for Project Work) may exit with P.G.Diploma in Women's & Gender Studies. Thus, learners may exit at this point or continue for the 2nd year to earn the MA degree in Women's & Gender Studies.

After completion of the first year curriculum, learners may choose one of two specializations namely, "Gender, Literature & Culture" or "Women's Studies". The courses offered in the third and fourth semesters are specific to the individual specializations. The specialization in "Gender, Literature and Culture" enables students to familiarize themselves with salient topics in the humanities from the perspective of gender. Courses in third and fourth semesters enhance their critical understanding of important issues such as marginalized cultural spaces, relationship between gender and the nation, gender and discourse (especially literary), and the mutually constructive relationships between literature, culture and society. The specialization in "Women's Studies" exposes students to multidisciplinary approaches of addressing historical and contemporary women's issues. It equips the students in conceptualizing and developing analytical skills required to understand women's issues through theory, praxis, research and practicum.

**Eligibility:** Bachelor's Degree from any recognized University

### 4.35 Master of Arts (Gender and Development Studies) (MAGD) School of Gender & Development Studies (SOGDS)

The programme is likely to be of interest to academics and researchers; trainers, facilitators, supervisors; staff of organizations working in the area of gender and development; government personnel; personnel working in banks and financial institutions.

Development policies and practices have a differential impact on women and men. This necessitates an understanding of the "gender gap" in access to resources, privileges, entitlements and choices. Consensus has evolved around the need to explore the "gender gap" in key development sectors and how this gap can be bridged. There is now greater emphasis on mainstreaming gender perspectives into the development process. This will contribute to building a gender-sensitive rubric of development, recasting development theory and action in the "direction of improved living standards, socially responsible management and use of resources, elimination of gender subordination and socio economic inequality as well as to promote the organizational restructuring required to bring about desirable change."

Exploration of gender issues has become an important activity for most non-governmental organizations. Increasing emphasis is being laid in Governmental agencies on establishing gender-differential impacts and taking positive, affirmative action towards gender equality and equity. It is now widely acknowledged that gender considerations need to be reflected in all development plans, programmes and policies. There is growing concern over the isolation of women in so-called "soft" sectors in education, employment and development rather than mainstreaming gender concerns across all organizations, institutions and activities. While the concerns are clearly articulated, national goals and the UN millennium/sustainable development goals cannot be achieved without concrete effort towards gender equality.

Achieving gender equality and gender equity requires multi-pronged approaches and strategies. One of the key approaches and strategies revolves around design and development of suitable educational programmes that equip practitioners and policy makers with the requisite knowledge and skills to make a valuable contribution in this sphere. The Master's/ Postgraduate Diploma programmes would make an excellent foundation for analyzing, critically assessing existing development interventions and promoting gender-sensitive/gender-based research and action. The strong focus envisaged on positive affirmative action would be of considerable significance.

#### **Programme Objectives:**

The programmes seek to enable learners to:

- analyze extent of gender-sensitivity of development interventions;
- conduct genderanalysis;
- critically analyze gender differentials in selected development sectors;
- identify appropriate research designs and methodologies for a range of research problems;
- suggest positive affirmative action in development planning and practice to promote gender equity and equality.

### 5.2 Post Graduate Diploma in Counselling and Family Therapy (PGDCFT)

#### School of Continuing Education (SOCE)

The Post Graduate Diploma in Counselling and Family Therapy is aimed at developing professionals in this vital field, which is gaining greater salience in the present times both from social and employment perspectives. The contemporary social scenario has resulted in an increased need and demand for professional support in terms of counselling and family therapy, which is being increasingly recognized as an effective approach both for promoting positives like strengthening families, fostering positive parenting, and increasing resilience of individuals in vulnerable situations as well as for addressing negative aspects such as socio-psychological problems, maladaptive behaviours, declining mental health, and psychosomatic disorders that are being increasingly witnessed in the present times. However, though the need for counselling and family therapy professionals is being increasingly felt, there is a dearth of professional support and experts who could lend a helping hand in promoting positive family processes and help individual family members in distress in a comprehensive way. As a result, there is a tremendous felt need for education and training in this area. By developing the requisite knowledge, understanding, attitudes and skills in the area of Counselling and Family Therapy, this unique programme of study would help to train professional cadres in the field, equipping them for both wage-employment and self-employment, and thus fill the existing lacuna.

A unique feature of this programme of study is that on successfully completing it, the learner can enroll for the second

year of M.Sc. in Counselling and Family Therapy [M.Sc. (CFT)], in subsequent session through credit transfer, as per University Rules.

## 5.13 Post Graduate Diploma in Educational Technology (PGDET)

### School of Education (SOE)

Today technology plays a key role in knowledge creation and sharing, and it is no longer possible to visualise educational settings that do not include technology. Further, on one hand technology is enabling self-learning, and on the other hand, it is supporting mass education. It is also improving the quality of education and empowering learners. Therefore, international organisations like the UNESCO, the Commonwealth of learning, as well as governments of many nations including India are upholding the need to integrate technology into educational processes. Teacher and trainers therefore need to be prepared for this. In response to this demand the programme, the Post Graduate Diploma in Educational Technology (PGDET) is offered. It prepares teachers, trainers, educational managers and those associated with the development of educational softwares for educational processes that require technology integration.

## **5.20 Post Graduate Diploma in Animal Welfare (PGDAW)**

### **School of Extension and Development Studies (SOEDS)**

Animal welfare education is a multidisciplinary subject which is evolving rapidly with the core components of welfare science, welfare ethics, welfare laws and welfare standards. Animal welfare can be applied to all animal species, sometimes preceded by 'farm' or 'companion' or other words to denote to which group of animals the term is specifically referring. In general, however, we are concerned about the welfare of all animals that are managed in some way by humans, and where we have particular responsibilities for their care. In the past, greatest concern about animal welfare has been related to livestock production in agriculture, and thus 'farm animal welfare' has received the most attention. Over time, welfare issues pertaining to working, performing, companion, zoo and lab animals have also received attention. Keeping all this in view, the PGDAW programme covers welfare science, ethics, laws and standards of all managed animals like cattle and buffaloes; sheep and goat; pigs; poultry; working, performing, pet, zoo and lab animals.

**Objectives:** (1) To impart science based animal welfare education through open and distance learning.

- It has the objective of appreciating culture and folklore in all their composite forms and of evaluating the social and political context in which culture manifests itself. It has the object of study and the location of political criticism by its focal points such as Marginal Studies, Tribal and Folklore Literature, Language Death and Preservation, etc.
- It has an obligation to an ethical appraisal of traditional as well as the modern society.

## 7.14 Post Graduate Certificate in Anuvaad evam Rupantaran mein Snatakottar Pramanpatra (PGCAR)

### School of Translation Studies & Training (SOTST)

Translation is generally studied and practiced in terms of language or written script. However, there is an increasing awareness about the idea to see the translation not merely in terms of written languages but also in terms of medium. In India, historically translation has been in practice across media, i.e. from oral to written or from oral to oral. In light of uniqueness of the Indian cultural perspective, translation programmes that focus on script (which is common to literature, film, radio and theatre) can be treated of paramount importance. Anuvaad evam Rupantaran mein Snatakottar Pramanpatra (PGCAR) aims to fill a major gap in translation, media and culture studies and training pertaining to preparation and adaptation of scripts. The programme includes discussion on understanding of the scope of translation and adaptation in mass media; provide an overall view of the various inter-disciplinary studies on translation and its practices in this field. The programme consists of 3 courses and a project component, which will help learners to understand theoretical and practical aspects of the subject with hands-on experience of script writing.

**Eligibility:** <sup>®</sup> Graduation

**Medium of Instruction:** Hindi

**Duration:** Minimum 6 months and Maximum 2 years; offered in both January & July cycle of admissions.

## 7.15 Post Graduate Certificate in Medical Management of CBRNE Disasters (PGCMDM)

### School of Health Sciences (SOHS)

The term CBRNE stands for 'Chemical Biological, Radiological, Nuclear and Explosive'. Disasters related to such agents can occur accidentally. Thus, society and governments need to create special provisions to deal with them. In light of the above facts, IGNOU in collaboration with Institute of Nuclear Medicine and Allied Sciences (INMAS), Defence Research and Development Organisation (DRDO) and active support from Integrated Defence Staff (IDS) and Defence Research and Development Establishment (DRDE) have developed a 6 months PG Certificate programme in Medical Management of CBRNE disasters through open and distance learning for MBBS doctors. ## 8.20 Certificate Programme in NGO Management (CNM)

### School of Management Studies (SOMS)

Non Governmental Organizations (NGOs) play an important role in various developmental issues across the states in India. VAN (Voluntary Action Network India), an apex body of Indian voluntary organizations estimates that there are

1.2 million NGOs working in India. As per the data available with the planning commission, there are more than 12,000 NGOs in the country. In view of the increasingly important role of the voluntary sector in the developmental process, all levels of policy making have stressed the importance of building its capacity to face the developmental challenge.

The emphasis of the management education process hitherto, had been limited to the private sector and or large public undertakings. The capacity building efforts for the voluntary sector have remained limited to organizing workshops and training programmes and formal course work in universities. However, given the size of the sector, and if we add to this the many socially spirited individuals involved in social activism, the capacity building needs of the sector can only be catered to by undertaking distance education programmes.

#### Objectives:

The objectives of the programme are as follows:

- ☐ To provide the basic managerial concepts to NGO workers;
- ☐ To give a firsthand experience to the NGO workers or for that matter to the endusers of the programme;

### 8.35 Certificate in Beekeeping (CIB)

#### School of Agriculture (SOA)

There is always an increasing demand for the honey across the world. Most of the honey is being collected from the wild resources (forest) and a limited population is engaged to rear the bees. Due to less technical knowledge and poor infrastructure, the honey production is less. A great potential exists in this area, when this unorganized sector can be established into an organized one for the betterment of the society.

At village level, successful honey production provides nutritional and economic security and also empowerment to the farmers, farm women, and rural youth. Beekeeping also helps conserve the natural resources. There is a need

to impart improved technical knowhow to the traditional beekeepers in order to facilitate the adoption of improved technologies available in this area.

The certification may be required to the beekeeper to seek any financial help from any bank, non-governmental or governmental agencies, etc.

#### Objectives:

The main objectives of the programme are to:

- impart education about modern beekeeping.

## 8.68 Certificate in Gender, Agriculture and Sustainable Development (CGAS) School of Gender and Development Studies (SOGDS)

Women play a significant role in Indian agriculture from the sowing of seeds, harvesting crops and post-harvest value-addition. Due to gender inequalities in society, women lack ownership, access and control over resources and lack decision making. Gender inequality is inbuilt in our society due to patriarchy, so in all spheres of our lives, including agriculture. Subordination of women has become a way of life. With the changing pattern of agricultural activities and the mechanization of agriculture, women's role in agriculture increased, especially among small and marginal farmers. Even though industrialization has changed agricultural activities, still women have more labour intensive farm activities such as weeding and harvesting.

Change in land ownership and gender-sensitive labour laws facilitated women to be involved in decision-making and reduced drudgery. But Indian agriculture has not yet addressed many issues confronted by women in agriculture. Feminization of agriculture, gender biases in agriculture and rural development are the global issues of concern. Women often lose control over resources such as land and are generally excluded from access to improved agricultural methods. Women and men are affected differently by economic change and development, and thus an active public policy is needed to intervene to close gender gaps. In this context, agriculture needs to look towards sustainability in its planning and policy process and the women's contribution to sustainable agricultural development. Changing the policy makers' mindset, government functionaries, extension workers, researchers, and students is a need of an hour. This ODL programme on 'Gender, Agriculture and Sustainable Development' will address above mentioned issues to create awareness among all stakeholders.

#### Programme Objectives

- To create awareness about gender roles and typology of issues in sustainable agriculture.
- To provide the knowledge on sustainable development in relation with gender and agriculture.
- To build capacities in gender research in agriculture.

**Eligibility:** Graduation in any discipline.

**Medium of Instruction:** English.

## प्रेस नोट

राष्ट्रभाषा हिन्दी के प्रचार-प्रसार और विकास की दिशा में स्वैच्छिक हिन्दी संस्थाओं का महत्वपूर्ण योगदान रहा है। स्वतंत्रता प्राप्ति के बाद इन संस्थाओं में हिन्दी तर क्षेत्रों में हिन्दी को लोकप्रिय बनाने के लिए काफी प्रयत्न किये हैं। इसी परिप्रेक्ष्य में कुछ स्वैच्छिक हिन्दी संस्थाओं द्वारा संचालित हिन्दी परीक्षाओं को भारत सरकार में मान्यता प्रदान की है। ताकि लोगों को हिन्दी का ज्ञान हो सके और इसके माध्यम से रोजगार प्राप्त कर सके। भारत सरकार ने हिन्दी शिक्षा समिति की सिफारिश और संघ लोक सेवा आयोग की सहमति से इन संस्थाओं द्वारा आयोजित कुछ परीक्षाओं को 1960 से मान्यता देना शुरू किया ताकि इन परीक्षाओं को पास करने पर उम्मीदवार उन सरकारी नौकरियों के लिए पात्र बन सकें, जिनके लिए हिन्दी की योग्यता भी जारी की गई है। इस विषय पर कई प्रेस विज्ञप्तियाँ भी जारी की गई हैं। समय-समय पर अस्थायी मान्यता की अवधि भी बढ़ाई जाती रही है। बाद में कुछ संस्थाओं की परीक्षाओं को स्थायी मान्यता दी गई है। यद्यपि अभी कुछ संस्थाओं को अस्थायी मान्यता दी गई है।

हिन्दी शिक्षा समिति भारत सरकार में एक स्थायी संस्था है। यह समिति हिन्दी के प्रचार, प्रसार और विकास के संबंध में भारत सरकार को समय-समय पर सलाह देती है और सिफारिशें करती है। इस समिति की सिफारिशों के आधार पर स्वैच्छिक हिन्दी संस्थाओं की परीक्षाओं को मान्यता प्रदान की जाती है।

किसी भी स्वैच्छिक संस्था को चाहे वह स्वयं हिन्दी की परीक्षा आयोजित करती हो, या किसी भी मान्यताप्राप्त अन्य स्वैच्छिक हिन्दी संस्था के माध्यम से परीक्षा संचालित करती हो, मान्यताप्राप्त करने के लिए अखिल भारतीय हिन्दी संस्था संघ, 24, कोटला मार्ग, नई दिल्ली की मान्यता के लिए प्रस्ताव भेजना होता है। इस प्रस्ताव के आधार पर संस्था संघ परीक्षा की मान्यता संबंधी मानदण्डों और नियमों के अनुसार उस संस्था का निरीक्षण करता है और मान्यता के लिए मंत्रालय को अपनी सिफारिश भेजता है। इसके बाद मंत्रालय का अधीनस्थ कार्यालय केन्द्रीय हिन्दी निदेशालय की एक निरीक्षण समिति स्वतंत्र रूप से उस संस्था का निरीक्षण बनती है और अपनी रिपोर्ट हिन्दी शिक्षा समिति के विचार के लिए मंत्रालय की प्रस्तुत करती है।

कुल समाचार पत्रों में परीक्षा शीर्षक के अधीन यह समाचार छपा होता है कि हिन्दी साहित्य सम्मेलन प्रयाग (इलाहाबाद) की प्रथमा और मध्यमा परीक्षा को क्रमशः एस.एस.सी. और बी.ए. के समकक्ष मान्यता दी गई है। इस प्रकार के समाचार का स्पष्टीकरण इस मंत्रालय से समय-समय पर दिया जाता रहा है। कुछ वर्ष पहले उपशिक्षा मंत्री, श्री पी.के. थुंगन ने भी लोकसभा में स्थिति स्पष्ट की थी और बताया था कि हिन्दी साहित्य सम्मेलन की वास्तविक स्थिति भिन्न है क्योंकि यह एक स्वैच्छिक संगठन है न कि विश्वविद्यालय अथवा विश्वविद्यालय समझी जाने वाली संस्था। यह शिक्षा राज्य परीक्षा परिषद तथा विश्वविद्यालय के समान नहीं माना जाता है। इसलिए इस संस्था द्वारा आयोजित इन परीक्षाओं को केन्द्र सरकार द्वारा हाईस्कूल, इंटरमीडिएट और बी.ए. के बराबर मान्यता नहीं दी गई है। इस संस्था को केवल हिन्दी विषय की परीक्षा को संचालित करने की मान्यता दी गई है, भले ही, यह हिन्दी के साथ-साथ अन्य विषयों को भी तैयार करता हो।

पुनः यह स्पष्ट किया जाता है कि किसी पद के लिए निर्धारित किए गए हिन्दी स्तर के निर्धारण के प्रयोजन से हिन्दी साहित्य सम्मेलन की प्रथमा और मध्यमा परीक्षाओं को क्रमशः एस.एस.एल.सी. तथा बी.ए. के बराबर से मान्यता दी गई है।

पुनः यह स्पष्ट किया जाता है कि किसी पद के लिए निर्धारित किए गए हिन्दी स्तर के निर्धारण के प्रयोजन से हिन्दी साहित्य सम्मेलन की प्रथमा और मध्यमा परीक्षाओं को क्रमशः एस.ए. इसी प्रकार अन्य स्वैच्छिक हिन्दी संस्थाओं द्वारा संचालित हिन्दी परीक्षाओं की मान्यता के बारे में भी कहा जा सकता है कि ये परीक्षाएँ न तो किसी राज्य परीक्षा परिषद् और न ही विश्वविद्यालय के समकक्ष मानी गई हैं। जहाँ तक सरकारी नौकरियों के लिए इन परीक्षाओं की मान्यता का प्रश्न है, इस सम्बन्ध में यह निश्चय किया गया है कि यदि सरकारी अथवा गैर सरकारी कार्यालय, अर्धसरकारी संस्थाया शैक्षिक संस्था में किसी पद के लिए हिन्दी की कोई विशेष योग्यता निर्धारित की गई है तो इन परीक्षाओं से प्राप्त की गई योग्यताधारी व्यक्ति इन पदों के पात्र हो सकते हैं। परन्तु हिन्दी की अलग से यदि कोई योग्यता निर्धारित नहीं की गई है तो स्वैच्छिक हिन्दी संस्था से प्रमाण पत्र या डिग्री प्राप्त करने वाले व्यक्ति विश्वविद्यालय या राज्य परीक्षा परिषदों के प्रमाण पत्र या डिग्री की समकक्षता का दावा नहीं कर सकते हैं। स.एल.सी. तथा बी.ए. के बराबर से मान्यता दी गई है।

अतः उपर्युक्त विवरण के आधार पर, संक्षेप में पुनः स्पष्ट किया जाता है कि स्वैच्छिक हिन्दी संस्थाओं की मान्यता केवल संलग्न सूची में दर्शाई गई समकक्ष परीक्षा के लिए निर्धारित हिन्दी स्तर तक ही सीमित है और इसे पूर्ण प्रमाण-पत्र या डिग्री परीक्षा के बरोबर नहीं माना जायगा। आम जानकारी के लिए संस्थावार मान्यताओं का विवरण संलग्न है।
