

Shrey, my 10 year old has developed keen interest in coding after doing the WhiteHat Jr course.
His logical thinking is sharper and can now easily relate to structures and algorithms, and wants to create new real-world programs by himself.
I wish every kid has exposure to this course!" - Leena Shah, Mom, Entrepreneur.

Build Commercial-Ready Games & Apps with Full UI/UX Interface

Kids creativity declines 96% from Age 9 since rule-based learning emphasize binary outcomes.

In WhiteHat Jr Coding, kids use foundation of **logic-sequence, loops, commands to experiment, stumble, debug, and create commercial-ready apps and games.**

WhiteHat is created by alumni of the following esteemed institutions

"A revolution! My kid's mind is transformed after doing the course. He's thinking in structures, his questions have deepened, and he wants to create games & apps on computers versus watch videos."--Kavita Shah, Mom, Entrepreneur
