

Shrey, my 10 year old has developed keen interest in coding after doing the WhiteHat Jr course. His logical thinking is sharper and can now easily relate to structures and algorithms, and wants to create new real-world programs by himself. I wish every kid has exposure to this course!" - Leena Shah, Mom, Entrepreneur.

Build full entrepreneur-ready games and apps with Object Oriented Code.

Coding in Grades 7-9 enables kids to express themselves through the creative medium of computer programming.

In WhiteHat Jr Coding, kids use foundation of **logic-sequence, loops, commands** to Learn **Algorithms, Sprites and Artificial Intelligence**.

WhiteHat is created by alumni of the following esteemed institutions
