

## Science & Computer Study Plan- Juri Ma'am

| CHAPTER     | TOPICS                                  | Date     | Time     |
|-------------|---|----------|----------|
| ORIENTATION | Orientation Class                       | RECORDED |          |
| CHEMISTRY   | Basic chemistry in Everyday Life        | 26 March | 12:00 PM |
| CHEMISTRY   | Reactions & examples                    | 27 March | 12:00 PM |
| CHEMISTRY   | Important chemicals & uses              | 30 March | 12:00 PM |
| BIOLOGY     | Environment and ecology                 | 31 March | 12:00 PM |
| BIOLOGY     | Vitamins and deficiency diseases        | 2 April  | 12:00 PM |
| BIOLOGY     | Cycles- Water, Nitrogen, Carbon         | 3 April  | 12:00 PM |
| BIOLOGY     | Human Physiology                        | 6 April  | 12:00 PM |
| BIOLOGY     | Plant Physiology                        | 7 April  | 12:00 PM |
| PHYSICS     | Basic physics in Everyday life          | 9 April  | 12:00 PM |
| PHYSICS     | Basics of Computer                      | 11 April | 12:00 PM |
| COMPUTER    | Windows & Applications                  | 16 April | 12:00 PM |
| COMPUTER    | Computer Software                       | 17 April | 12:00 PM |
| COMPUTER    | Network & Internet                      | 20 April | 12:00 PM |
| COMPUTER    | Basics of networking and cyber security | 21 April | 12:00 PM |
