

RRB JUNIOR ENGINEER BATCH - EEE & ECE

Date	Day	Electrical Engineering Time 6 AM to 7 AM	Electronics and Communication Engineering Time : 7 AM to 8 AM
November 2	Monday	Fundamentals of Electrical Engineering	Electronic Components & Materials:
November 3	Tuesday	Fundamentals of Electrical Engineering	Electronic Components & Materials:
November 4	Wednesday	Circuit law	Electronic Components & Materials:
November 5	Thursday	Circuit law	Electronic Devices and circuits:
November 6	Friday	Circuit law	Electronic Devices and circuits:
November 7	Saturday	Magnetic Circuit:	Electronic Devices and circuits:
November 8	Sunday		
November 9	Monday		
November 10	Tuesday	Magnetic Circuit:	Electronic Devices and circuits:
November 11	Wednesday	AC Fundamentals:	Digital Electronics
November 12	Thursday	AC Fundamentals:	Digital Electronics
November 13	Friday	AC Fundamentals:	Digital Electronics
November 14	Saturday	Electrical Machines	Digital Electronics
November 15	Sunday		
November 16	Monday	Electrical Machines	Linear Integrated Circuit:
November 17	Tuesday	Electrical Machines	Linear Integrated Circuit:
November 18	Wednesday	Electrical Machines:	Linear Integrated Circuit:
November 19	Thursday	Electrical Machines	Linear Integrated Circuit:
November 20	Friday	Special Electric Machines and Synchronous Generators:	Microprocessor and Microcontroller
November 21	Saturday	Special Electric Machines and Synchronous Generators:	Microprocessor and Microcontroller
November 22	Sunday		
November 23	Monday	Special Electric Machines and Synchronous Generators:	Microprocessor and Microcontroller
November 24	Tuesday	Special Electric Machines and Synchronous Generators:	Electronic Measurements:
November 25	Wednesday	Measurement and Measuring Instruments	Electronic Measurements:
November 26	Thursday	Measurement and Measuring Instruments	Electronic Measurements:
November 27	Friday	Measurement and Measuring Instruments	Communication Engineering:
November 28	Saturday	Measurement and Measuring Instruments	Communication Engineering:
November 29	Sunday		
November 30	Monday	Measurement and Measuring Instruments	Communication Engineering:

Date	Day	Electrical Engineering Time 6 AM to 7 AM	Electronics and Communication Engineering Time : 7 AM to 8 AM
December 1	Tuesday	Generation, Transmission and Distribution:	Data communication and Network
December 2	Wednesday	Generation, Transmission and Distribution:	Data communication and Network
December 3	Thursday	Generation, Transmission and Distribution:	Data communication and Network
December 4	Friday	Generation, Transmission and Distribution:	Computer Programming
December 5	Saturday	Generation, Transmission and Distribution	Computer Programming
December 6	Sunday		
December 7	Monday	Power Electronics:	Computer Programming
December 8	Tuesday	Power Electronics:	Basic Electrical Engg
December 9	Wednesday	Power Electronics:	Basic Electrical Engg
December 10	Thursday	Power Electronics:	Basic Electrical Engg
December 11	Friday	Basic Electronics:	Three-Phase Circuits
December 12	Saturday	Basic Electronics:	Amplifiers & Oscillators, Voltage Regulation
December 13	Sunday	Basic Electronics:	AC Circuits
December 14	Monday	Estimation & Costing	Resonance
December 15	Tuesday	Estimation & Costing	Antennas
December 16	Wednesday	Estimation & Costing	Radio Wave Propagation
December 17	Thursday	Estimation & Costing	Electromagnetic Spectrum
December 18	Friday	Estimation & Costing	Modulation
December 19	Saturday	Utilization of Electrical Energy	Single Sideband
December 20	Sunday		
December 21	Monday	Utilization of Electrical Energy:	Frequency Modulation
December 22	Tuesday	Utilization of Electrical Energy:	Pulse Modulation:
December 23	Wednesday	Utilization of Electrical Energy:	Introduction of digital Communication
December 24	Thursday	Utilization of Electrical Energy:	Radio Frequency (RF) Communications and Wireless Telecommunications
