3 Stages Of The Programme

THE FOUNDATION STAGE

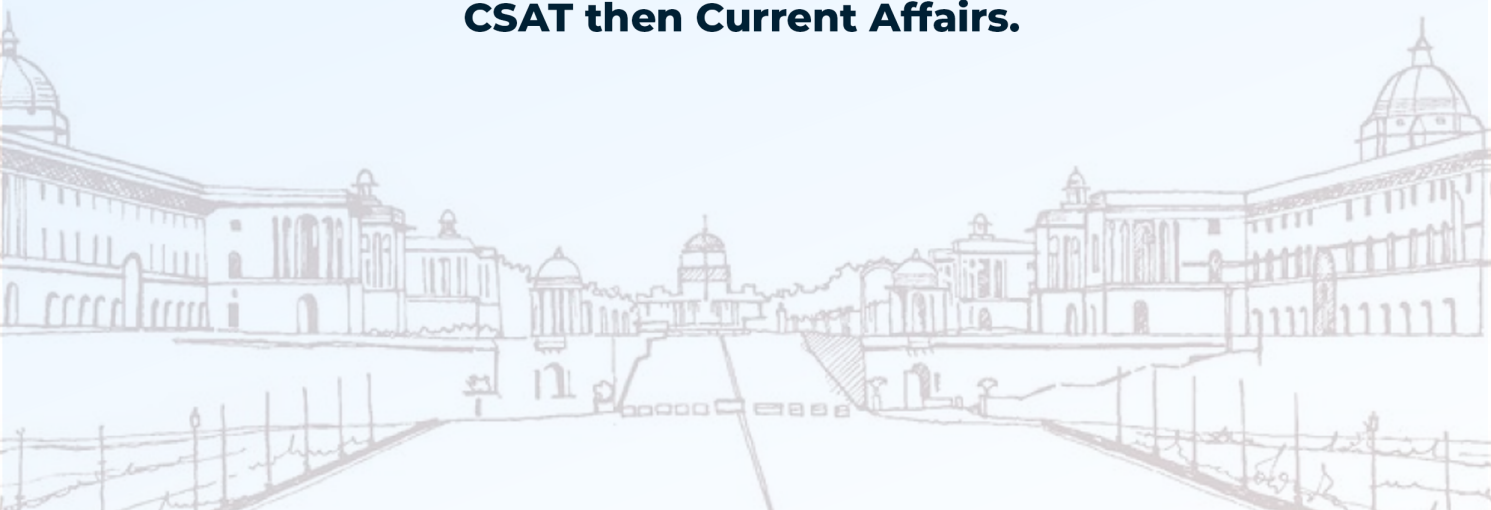

The UPSC foundation program is like special training for the IAS exam. We focus on each subject, making sure you understand everything.

We cover everything in the UPSC exam, like the basic subjects, tricky questions, and what's happening in the world right now. We don't just learn things on the surface; we dive deep to get it. Our goal is to help you not just memorize stuff but know it well.

We also teach you how to think smart, which is super important for the exam. Join us in this learning adventure, where we make sure you're ready and confident for the big exam!

The program focuses on covering individual GS subjects for UPSC IAS EXAMINATION.

Coverage of the depth of the subjects and concepts. In this stage, we cover every aspect of UPSC i.e., from GS to CSAT then Current Affairs.

THE PRELIMS STAGE

In the preliminary stage of the UPSC foundation program, our approach is tailored to specifically address the requirements of this crucial phase of the examination. Each subject is covered with a focus on the preliminary exam format, ensuring that candidates are well-versed with the types of questions and the depth of knowledge required.

We believe in leaving no room for doubt, and our team is readily available to solve any queries that may arise during the learning process.

Moreover, our program includes rigorous MCQ practices designed to familiarize candidates with the exam pattern and sharpen their problem-solving abilities.

Additionally, our carefully crafted test series serves as a comprehensive evaluation tool, allowing candidates to gauge their progress and identify areas for improvement.

THE MAINS STAGE

In the mains examination stage of our UPSC foundation program, we prioritize a comprehensive revision of subjects along with thorough theoretical coverage.

We emphasize the art of effective answer writing, guiding candidates on how to structure their responses, articulate ideas, and present arguments coherently.

The focus is not just on knowledge but on the ability to communicate and convey thoughts persuasively.

Additionally, our program dedicates special attention to essay writing, recognizing its importance in showcasing candidates' analytical and expressive abilities.

CURRENT AFFAIRS A BIG ISSUE? Not anymore!

A dedicated current affairs batch to keep you updated with the latest events and developments. Led by the renowned Sunil Abhivyakti sir, this specialized course is designed to cover the entire spectrum of current affairs over the span of one year.

The course curriculum includes weekly sessions, where Sunil Abhivyakti sir will delve into the most relevant and important current affairs topics. His meticulously crafted class notes will serve as valuable study material, capturing key insights and analysis to help you stay well-informed and prepared for the UPSC examination.

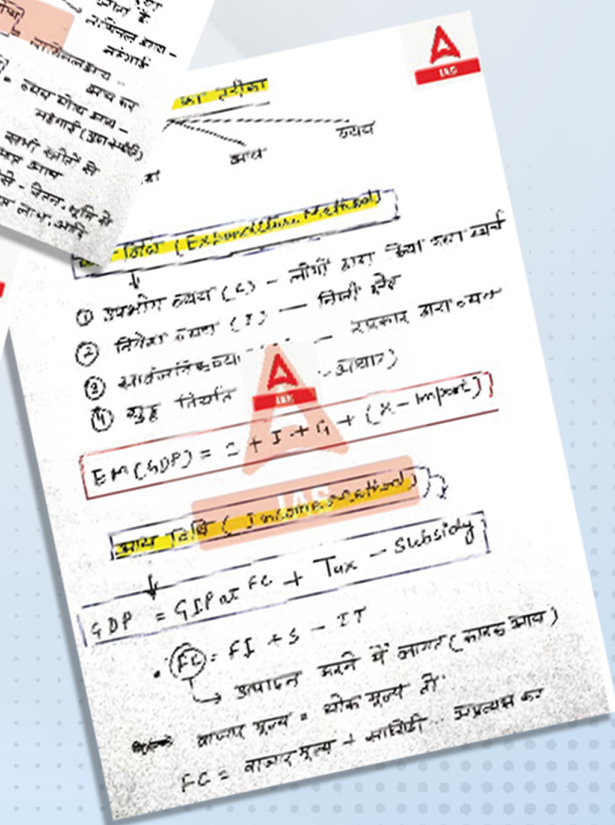

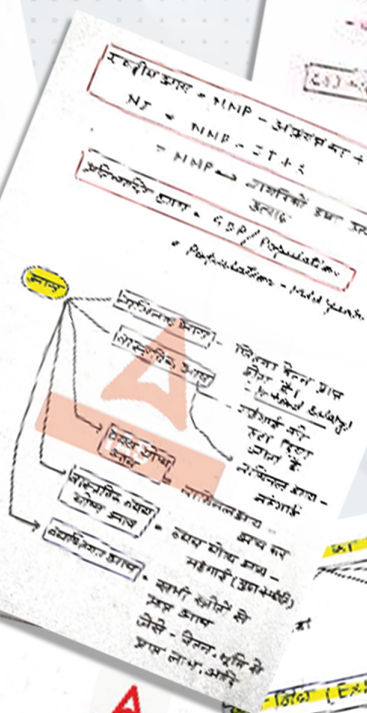

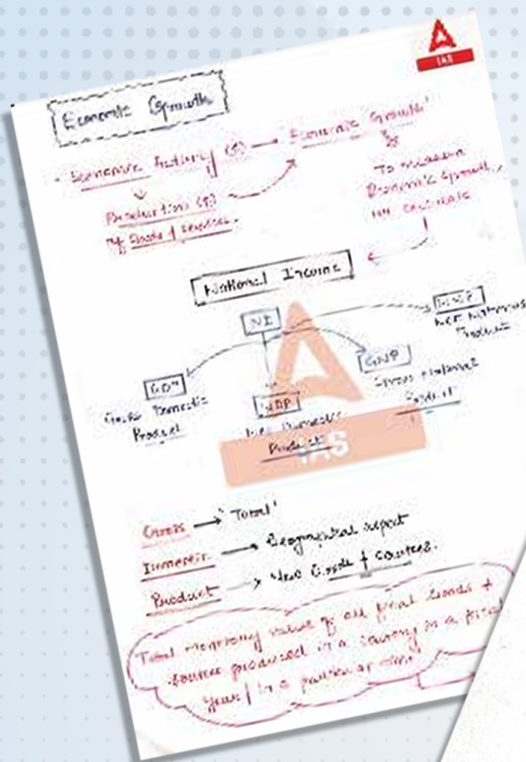

CSAT WAS A PROBLEM? Here we go...

Reasoning Mastery: Unravel the complexities of analytical reasoning and critical thinking. Our classes provide in-depth coverage of various reasoning topics, sharpening your logical abilities and decision-making skills.

Mathematics Excellence: Dive into the world of quantitative aptitude with our comprehensive mathematics classes. From basic concepts to advanced problem-solving techniques, we cover the entire spectrum to boost your quantitative skills.

Comprehension Practice: Recognizing the significance of language comprehension in CSAT, we offer dedicated classes twice a week to enhance your reading and comprehension skills. These sessions ensure that you can efficiently analyze and interpret passages-a crucial aspect of CSAT

HANDWRITTEN NOTES

"Guided Excellence: Elevate Your Journey with Personal Mentorship at Foundation Course"

At our Foundation course, we take personalized learning to the next level with our exclusive feature: Personal Mentorship. We understand that each student is unique, with their own strengths, challenges, and aspirations. That's why we believe in providing more than just academic support—we offer a dedicated mentor to guide each student on their educational journey.

Our Personal Mentorship program is designed to ensure that every student receives individual attention and tailored guidance to maximize their potential. Upon enrollment, each student is paired with a qualified and experienced mentor who serves as their personal guide throughout the course. This mentor is not just a teacher but a mentor who genuinely cares about the student's academic and personal growth.

One of the key benefits of this mentorship program is the ability to address the specific needs of each student. Whether a student is struggling with a particular subject, seeking advice on career choices, or aiming for higher academic achievements, their mentor is there to provide the necessary support and guidance. This one-on-one interaction allows mentors to understand the student's learning style, preferences, and challenges, enabling them to create a personalized roadmap for success.

Regular check-ins and open communication channels ensure that the mentor is always aware of the student's progress and challenges. This proactive approach allows for timely interventions, adjustments, and additional support when needed. Our mentors are not just educators; they are mentors who take pride in the success of their students.

In addition to individualized support, our mentors also facilitate group activities and discussions, creating a sense of community within the Foundation course. This collaborative environment allows students to learn from each other and share their experiences, further enriching their educational journey.

At our Foundation course, we believe that education is not just about imparting knowledge but also about nurturing the individual potential of each student. Our Personal Mentorship program reflects this commitment by providing the guidance,
