

| Subject                   | Topics                          | Uploading Date |
|---------------------------|---------------------------------|----------------|
| Mathematics               | Trigonometry                    | 05th April     |
|                           | Sets                            | 05th April     |
|                           | Relations and Functions         | 05th April     |
|                           | Quadratic Equations             | 05th April     |
|                           | Complex Numbers                 | 05th April     |
|                           | Sequences and Series            | 05th April     |
|                           | Binomial Theorem                | 05th April     |
|                           | Permutations and Combinations   | 05th April     |
|                           | Lines                           | 05th April     |
|                           | Parabola, Ellipse and Hyperbola | 05th April     |
|                           | Vector Algebra                  | 05th April     |
|                           | Matrices                        | 05th April     |
|                           | Determinants                    | 05th April     |
|                           | Differential Calculus           | 05th April     |
|                           | Limit and Continuity            | 05th April     |
|                           | Integral Calculus               | 05th April     |
|                           | Differential Equations          | 05th April     |
|                           | Probability                     | 05th April     |
|                           | Statistics                      | 05th April     |
|                           | Linear Algebra                  | 05th April     |
| Real Analysis             | 05th April                      |                |
| Modern & Abstract Algebra | 05th April                      |                |
| Calculus                  | 05th April                      |                |
